

## Phone Us Before Next Washday

—and a Maytag is yours to do a week's washing free.

To use as your own.

To prove to you that tubfuls wash clean in from three to seven minutes—50 pounds of dry clothes washed in one short hour means hours more leisure for you—and less work from start to finish.

If you want to lighten materially your hardest household task—try the **MAYTAG!**

For homes without electricity, the Maytag is available with its built-in gasoline motor.

More and more, Birmingham women are solving the problem of washing with this **Monday Miracle**. We, as sole local agents, just received a half carload of Maytags and already housewives are clearing our floor of this big shipment. The Maytag factory is 160 carloads behind in orders. Order your from us now and we can make immediate delivery.

To attempt to describe the many advantages of the **MAYTAG** over any and all other washing machines would be a lengthy job. Housewives who have accepted our offer to try a **MAYTAG** on approval need no further proof of performance.

**OPENS STOVE STORE**

H. C. Murray, resident of Birmingham for the past 10 years, last week opened a factory branch in Pontiac of the Kalamazoo Stove & Furnace Co., makers of the famous "Kalamazoo direct to you" stoves. Mr. Murray will have charge of the Oakland County sales, with a store located at 63 West Lawrence street, Pontiac. He is well known in Birmingham.

**BUILDING PERMITS ISSUED**

Building permits issued during the past week were to C. B. Goss for a house and garage on Hanna street, costing \$1000, May 7; May 7, to the Michigan Bell Telephone Company for an addition to the building on Pierce street, costing \$13,300, Smith, Hinckman & Geylla, architects; May 8, to L. E. Schneck for a house on Willetts street, with an approximate cost of \$7500; May 8, to James B. Schneider for a garage of Wallace street, costing about \$325; May 12, to Luther Heacock for a house and garage on Frank street, approximately \$7500 in cost; May 11, to William VanEvery for a house and garage on Pilgrim road, with a cost of \$15000; and May 12, to E. W. Ilett for a garage on Oakland avenue, costing approximately \$365.

**RETURNS TO PRACTICE**

Dr. and Mrs. J. L. Campbell, of East Maple avenue, returned last week after spending the winter in California and other western states. The doctor is again back in his office in the First National Bank building where, with Dr. Moore, he will continue his general practice.

**FLOWER HUNTING**

Under the leadership of Mrs. H. B. Parks, of Bates street, 20 members of the primary and junior departments of the United Presbyterian church went on an expedition to hunt flowers. An enjoyable time was had by the expeditioners—not to overlook the sandwiches which they took along. Numerous flowers were found.

**NEW SURVEYOR'S OFFICE**

Announcement was made this week by R. C. Allen, of Frank street, of the opening of a surveying and engineering office in the First State Savings Bank building here. He has had eight years experience in this line, and has been associated with the W. S. McAlpine Co. for the last three years.

**DR. RAYNALE TO SPEAK**

Dr. George Raynale will talk on "Emergencies in Child Care" at the meeting next Monday night of the class in child care held under the auspices of the Women's Auxiliary of the American Legion. The address last week by Dr. A. W. Newitt on "Infant Feeding" drew a large audience.

**KENNEL CLUB SECRETARY**

W. J. Baumgartner, of Baumbrae, Cranbrook road, this week was re-elected secretary of the Detroit Kennel Club, and Mrs. Baumgartner was returned as a director of the club. Mr. Baumgartner reports the past year as the best in the history of the club, and stated that there is a possibility of a summer dog show being held in Birmingham.

**To Meter Eco City**

Water meters for the 866 houses in Eco City are to be purchased by the village, which will advertise for bids at once. Manager Starr reported to the commission Monday night that Charles Plumstead, village treasurer, counted that number of houses that must be metered when they are connected to Birmingham's water supply some time this summer. Meters cost about \$10 each.

**RUMMAGE SALE**

After a postponement of several weeks, the Civic League Rummage Sale will be held next Saturday, May 22, in Pontiac in a vacant room on the west side of Saginaw street near the Orchard Lake road. All those who desire to contribute cast-offs of any kind may telephone Mrs. A. D. Jardine.

**BOARD OF REVIEW**

Louis Hascall and Scott Hersey this week were appointed by the village commission to act with Robert K. McClellan, assessor, as a board of review to look over Birmingham's 1926 tax assessments. Mr. Hascall served last year, this being Hersey's first year on the board.

**You Can Call PETOSKEY by Long Distance**

for 90c from Birmingham

After 8:30 p.m.  
Here are the rates:  
DAY—8:30 a.m. to 8:30 p.m.  
"Any Person" call \$1.40  
"Person-to-Person" \$1.75  
EVENING—after 8:30 p.m.  
"Any Person" call 90c  
"Person-to-Person" \$1.75

"Any Person" call means that central needs only to get any person who answers at a given number while a "Person-to-Person" call means that central will have to locate a particular person at the number given. This takes more time and therefore costs more.  
"Any Person" calls save money.

**MICHIGAN BELL TELEPHONE CO.**

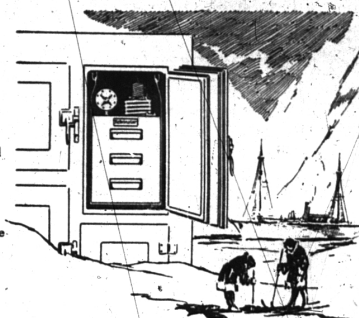

Last Thursday Mrs. F. H. Schmidt who has been the guest of her son-in-law and daughter, Mr. and Mrs. Robert E. Bethel of Frank street, returned to her home in Ferguson, Mo.

Mrs. C. F. Kennedy and little daughter, Patricia, of Bates street are leaving tomorrow for Elgin, Ill., where they will spend a month at the guests of her parents, Mr. and Mrs. E. A. Vanderveer.

Mr. and Mrs. Richard Harbeck of Wallace street were hosts at four tables of bridge last Friday evening at their home. The house was decorated throughout with yellow and white spring flowers.

# One Step Ahead-

THE Kelvinator continues to be the leader in electrical refrigeration devices for the home. In its design, no effort was spared to place it in a class by itself—one step ahead in performance and construction, of any competitor.

The chill of the Arctic can be carried to your home; can be harnessed in your refrigerator; can be utilized in keeping those perishable foods.

The Kelvinator is NOT in an experimental stage. Perfected, its merits are evident in thousands and thousands of homes the world over.

FORGET the troubles of old, caused by ancient ice boxes with their leaky compartments and the necessity of constant attention. Install a **KELVINATOR** in your present refrigerator, if you wish, and let the "ice that never melts" be your silent servant, a dependable source of perfectly controlled automatic refrigeration.

We will gladly demonstrate the superior qualities of the Kelvinator to you. Several recent models, moderately priced, are on display here. Come in and see the Kelvinator work, and let us explain some of its unusual advantages.
