HUDSON COACH

Hudson holds first advantage because of its patented Super-Six—the world's most famous motor. More than 800,000 have been built by Hudson under its exclusive principle. For 11 years it has been outstanding because of distinctive smoothness, wide flexibility, power, speed and reliability.

And today's Hudson Coach is not only the best ever built. It also is priced lower than ever before.

From its very inception the unquestioned leader in modern motoring performance the Chrysler "70" gains, at the new lower prices, even greater pre-eminence in value as well as in quality.

Seventy miles and more per hour with silky smoothness and a flashing pick-up; amazing economy; magical ease of handling; unmatched riding comfort; Chrysler compactness; absolute safety which only Chrysler hydraulic brakes can give joined to a complete freedom from mechanical worry and an enduring worth proved in tens of thousands of miles of driving by thousands and thousands of owners—

These Chrysler "70" superlatives, absolutely unchanged even at the sensationally lower prices, continue to be the results of the inherent fitness of that Chrysler quality of design, materials and craftsmanship which from the very beginning have made Chrysler "70" performance unapproachable.

You will find us eager to demonstrate to you these extraordinary Chrysler "70" qualities which make it the most sensational value in all motor car history.
