## "You can cook with gas wherever you live"

### The Bloomfield Plumbing & Engineering Company

has been appointed authorized distributor for

the compressed gas for cooking and other household uses

#### Cooking with Gas

To everyone who has used it, the advantages of cooking with gas are obvious. Gas gives a clean, hot flame which can be easily and quickly regulated, and is always ready for immediate use. It makes cooking a pleasure because the kitchen is cooler and cleaner.

This city convenience is now available in communities where there is no city gas, through Pyrofax Gas Service.

#### What is Pyrofax?

It is a gas. It burns with a sootless flame. It can be used on any standard gas appliance—such as ranges, laundry stoves, ironers, clothes driers, water and room heaters.

It is delivered in steel containers under moderate pressure. Each container holds the equivalent of approximately 5000 cubic feet of city gas.

It is listed as standard by the National Board of Fire Underwriters and does not increase fire insurance rates.

#### Pyrofax Installation

The equipment is simple, automatic and fool-proof and can be installed in a few hours. It consists of a substantial steel cabinet which houses the pressure reducing equipment and two cylinders of gas. One of the containers is in reserve while the other is in use. The gas is piped from the cabinet to the standard gas burning appliances in the home—exactly like city gas. Full containers are delivered and attached and the empty container removed by our distributor.

#### Pyrofax Service

No gas service can be satisfactory unless the supply of gas is dependable. You can depend on Pyrofax Gas Service because back of it are the resources and facilities of a nationally known organization with long experience in the manufacture and distribution of compressed gases.

Our distributor will be glad to arrange for a demonstration at your convenience.

Pyrofax Gas Service is equally suitable for SCHOOLS · INDUSTRIAL PLANTS HOSPITALS · HOTELS · COLLEGES and other institutions

### What It Means to You

The Red Crown disc is a symbol of Standard Oil Company (Indiana) service.

These signs mark each unit of the vast network of distributing stations established by the Standard Oil Company (Indiana) over the Middle West. No matter where you are or where you may go you can get Red Crown Gasoline.

Red Crown is dependable. With it in your tank you are assured of abundant power for the steep grade or heavy going, in good or bad weather.

All roads in the Middle West are possible highways for you because the Standard Oil Company (Indiana) has gone before, with Service Stations and Garages selling Red Crown Gasoline. They make it possible for you to go where you please.

With Red Crown in your tank, your car will develop its maximum power.

As you explore or rediscover your own Middle West, you will find the welcome Red Crown Sign everywhere—which means—Red Crown everywhere and everywhere the same.

In this vicinity you can get Red Crown

At the following Standard Oil Service Station: Corner Woodward and Hamilton

And the following Filling Stations and Garages:

- Low Aldrich
- Eisenman & Schroeder,
- Big Beaver
- Sam Pratt, Big Beaver
- Ray Carpenter, Big Beaver
- John Curtis, Franklin

Standard Oil Company, Birmingham, Mich. (Indiana)
