

# Spring Planting Season

Make "Birmingham the Beautiful" more beautiful

The creation of a charming home environment depends largely upon the choice of planting material. It is necessary to procure plants of large size and healthy condition. It is desirable to arrange the planting to produce a harmonious whole.

Here in Birmingham is available a large reserve of plants grown for the particular home owner. In our farms of over 180 acres are many thousands of plants growing for our customers. In order to secure best results from spring planting they should be planted early. Allow us to suggest means of more effectively beautifying your home. Compared with the enhancement of value the cost is small.
