FULL value cannot be determined by either the yard-stick or the scale. You may get full weight and full measure and yet not get full value.

Service and satisfaction are big factors in determining value. It's the aftermath of a purchase that establishes your value, your service, your satisfaction.

You cannot get those things from the transient trader. He's gone — on his way before your goods are fully tested. He makes his "get-away" before the goods make their "give-away."

But, your home merchant is with you all the time — ready and eager to back up his merchandise; maintaining an interest in it because he is vitally interested in maintaining your patronage, year in and year out.

That's why your local merchant cannot afford to sell anything but reliable goods.
