3 EXCHANGITES WIN THANKSGIVING BIRDS

Members Hold Annual Party; Plan To Sponsor Attendance of Boys at Conference.

Ferd Douglass, Dr. Otto Beck, and Robert Chissus, local Exchangites, will not have to buy a turkey each for their respective tables Thanksgiving Day since, at Tuesday's Exchange club meeting, they won two turkeys and a chicken at a party staged by James Taylor, who had charge of the program. Mr. Douglass easily won the first fowl, as later did Mr. Chissus, but Messrs Harry Legg, Otto Beck, and Melvin Hart were tied for the second game, Dr. Beck winning out eventually.

The Exchange club Tuesday noon voted to pay the expenses of two local boys to the State Older Boys' Conference, to be given under the auspices of the Y. M. C. A. at Jackson in the near future. Other clubs and groups in Birmingham will do likewise, it is said.

Dr. Beck, Ralph Moulthrop, and Ray Palmer, who visited the Royal Oak Exchange club last week, reported their observations and suggested several methods for adoption by their own club. Next week Dr. N. T. Shaw and Robert Allen will visit some nearby club, while Cy Evans and Charles Boughner will visit the Grand Rapids club, in which city they will be visiting. They will relate their experiences at some near-future meeting.

WE HEARD— IT SAID BY—

(Little Editorials picked up by the Staff in and around Birmingham)

Mrs. Frances Jardine, Birmingham welfare worker: "I want to thank Charles Parks, publicly for responding so generously to my call for coal for a family without any fuel whatsoever. After Mr. Parks' trucks had stopped running for the night, he personally filled two sacks with coal, loaded them onto the running board of his car, and delivered them, so that a woman and her three children might have heat for the night. Men like Mr. Parks make welfare work a joy."

Frank Schram, Sheriff: "Many persons wishing warrants come to our office to get them, whereas they should first make application to the prosecuting attorney. The law requires that persons wishing a warrant first obtain an order from the prosecuting attorney and that the warrant then be issued in Justice Court. It is notable that persons come at all hours, even as late as midnight, for warrants."

Miss Mary Clarke Griffith, hostess, Birmingham Community House: "There appears to be an unusually large amount of welfare work needed for this time of the year. Generally the need for this work does not come until later in the year."

VILLAGE DELEGATES FOR Hi-Y ARE NAMED

(Continued from Page 1, Part 1)

Ralph McBain or Marvin C. Hart, principal of the High School, will act as advisor.

Robert Lynd, of Ferndale avenue, Y. M. C. A. secretary of Southern Oakland County, will be in charge of the 60 delegates from this section who will attend this conference, the purpose of which, Mr. Lynd said, is to "raise the boy's ideals, to fit him better to meet life face to face."

Besides the election of officers, committee meetings, and reunion banquets, there will be several speakers of note, among them, Dr. Thomas Graham, of Oberlin College; Dr. Fred E. Taylor, of Indianapolis; J. A. VanDis, and A. J. Gregg, of New York, and E. W. Brandenburg, of Chicago. Ted Evans, of Detroit, will direct the singing.

Expenses of the trip are being shared by the organizations which are being represented by the boys. The conference will close Sunday. Delegates returning from Jackson Sunday evening.

DETROIT—Surprised by detectives of a police flier crew, summoned by a mysterious telephone call, four men were captured at 2 a. m. Sunday while trying to open the safe in a postoffice sub-station at 60 Alfred street. Two of them had revolvers. The combination had been knocked off the safe and enough nitro was found in a satchel to demolish the entire building.

McCALLUM ATTACKS PRESIDENT, SHAIN IN AN OPEN LETTER

(Continued from Page 1, Part 1)

paign to retain for yourself the combined office of president of the village and a member of the commission?

Is it not a fact that Mr. Bingham is not a resident of the village of Birmingham and has no voice as an elector of this village?

Did Bingham Retain Seat?

Is it not a fact that Mr. Bingham retained his seat as a commissioner of the village of Birmingham for a considerable period after he had ceased to be a resident of the village and during that period participated in all local legislation, imposition of taxes, the imposition on citizens of special taxes for local public improvements although he held his office illegally and had no right to have any voice in the local government of this village, all in violation of Sec. 23, Chapter IV of the Village Charter, which reads, "Section 23. No person shall hold any elective office under this charter unless he be a qualified elector of the village of Birmingham"?

Is it not a fact that Mr. Bingham wished to resign as such commissioner while you were president of the village and a member of the village commission with him and that you refused to permit him to resign, although having full knowledge of the fact that he retained his seat as such member in violation of the charter, thus setting the example to the citizens of the village of its president openly ignoring and flouting the express provisions of the fundamental law of the village?

Is it not a fact that Mr. Bingham has openly boasted that he "put it over" on the village?

Is it not a fact that you have on numerous other matters set yourself above the law in ignoring the mandates of the charter and the ordinances of the village, refusing to be bound by the very laws and ordinances which you expect the citizens to observe and violating your oath of office in so doing, as in the following particulars?

Is it not a fact that you signed as president of the village and authorized the execution on behalf of the village of a contract for the disposition of garbage, dated Sept. 4, 1924 and to be operative till Oct. 26, 1930, with George Scott & Son, whereby the exclusive right to collect and dispose of garbage in the village was granted to said George Scott & Son for a period of over six years, in direct violation of the terms of Ordinance No. 76 of the village which provides that no such contract shall be entered into by the village for a longer period than one year and then only after competitive bids have been received by the commission?

Was Money Spent?

Is it not a fact that during the period when you were attempting to impose upon the village and nefarious "Zoning Ordinance" that you sanctioned and caused the village to expend large sums of the money belonging to the village, illegally, for the purpose of influencing the citizens of Birmingham to approve the ordinance and that the cost of such campaign for advertising, distribution of campaign literature, attorney's fees, printing, stenographers, etc., amounted to approximately $2,000, and that such expenses will be levied in the taxes of the village?

Is it not a fact that after the suspension of the operation of the so-called "Zoning Ordinance," which had been adopted by your vote and the votes of the other commissioners, and when such ordinance was no longer operative that you refused to be governed or controlled by the provisions of the charter and the local laws of the village and insisted that such suspended ordinances must be regarded as still operative as evidenced by your action in supporting a certain resolution of the commission adopted Aug. 23, 1926, which reads as follows:

"Resolution 495."

"Moved by President Shain: That no building permits be issued that are not in accordance with the zoning ordinance until such time as the ordinance is put to a vote of the people, which will be at an early date."

"Yeas: Shain, Bell."

"Nays: None."

Was Building Instructor Instructed

Is it not also a fact that you caused instructions to be issued to the building inspector and other village employes that the terms of such resolution must be observed although you had been advised by counsel that your acts in this regard were illegal and that by such arbitrary and high-handed acts you held up building operations in the village of Birmingham during the best part of the building season?

We shall await Mr. Shain's reply to these several queries with considerable interest and shall beg your indulgence in future issues of your paper for the submission to the electors of certain other facts which we believe should be brought to their attention, which will go far, if found to be correct, in determining in their minds that the present municipal government has cost the tax-payers of this village many thousand dollars and will cost them many thousands of dollars in the future and that much of this has been caused by the arbitrary, high-handed attitude of the village president and his contempt for the charter and the village ordinances.

Respectfully yours,
WM. McCALLUM.

MANY FRIENDS WON BY LOVE OF BIRDS AFTER TWO TALKS

(Continued from Page 1, Part 1)

last year he fed the geese 4000 at his private pond, but each year they came back, countless thousands arrived and spent most of the summer with him. In two months

bushels of corn.

"The Bible declares that man was given dominion over everything, said the speaker, "and I have proved that love and kindness can make friends of the wild geese that fly so high in the air. I now know that there is no such thing as 'wild life' in the air, the forest, or the stream; what we humans call wild life is but an expression of a creature's fear of humanity; any bird, beast, or other so-called wild thing that has sense enough to flee from a human being for its safety also has intelligence enough to come to this same human being when he offers food and shelter to it."

Each year thousands of people visit Mr. Miner's farm in Kingsville. He has lectured all over the country, showing pictures of the wild geese, pet robins, and a deer, that live with him and his family; he has also written books on natural history.

Rev. R. M. Atkins, president of the Rotary club, introduced Mr. Miner at the auditorium Monday night.

VILLAGE PREPARES QUIET CELEBRATION FOR THANKSGIVING

(Continued from Page 1, Part 1)

and said citizens were urged to be present.

The program follows:

Short addresses on "Providence," "Plenty," "Peace," "Prosperity" and "Prospects," by the Rev. T. J. Edwards, pastor of the First Baptist Church; Rev. Evans, pastor of the United Presbyterian Church; Rev. R. M. Atkins, pastor of the First Methodist Church; Rev. Charles H. McCurdy, pastor of the Episcopal Church, and the Rev. F. E. Logee, pastor of the First Presbyterian Church.
