We Are Thankful

Says the majority of motorists of Birmingham because we have

GOODYEAR TIRES

on our cars and because we have a place right here in town where we can buy Goodyear Products and obtain Goodyear Service quickly

More people ride on GOODYEARS than any other kind

More so now, than at any other time, is that statement true. SUPERTWIST CORD is the reason. Its extra elasticity, greater resistance to strain and to shock gives Goodyear Tires, Balloons or High-Pressures, Pathfinders or All-Weathers, more care free mileage than ever before.

GOODYEAR SERVICE Should Interest You!

We don't just sell your tire, we'll apply it promptly, see that your rims are free from rust, and that the tires are properly inflated. And then, after it's on and running, we'll inspect it at any time and apply conservative methods to help you get every mile of service that the factory has built into it. This kind of service means tire dollars saved. We do it FREE for our customers.
