Fire Damages Motor Bus

Fire in a bus of the Star Motor Bus Line at Lincoln and Woodward avenues at 6:30 p. m. Friday was quickly extinguished and the bus was again on its way when volunteer firemen arrived. No damage was reported. Members of the fire department are receiving compliments of their quick response to the call, both fire trucks were on the way in 30 seconds after the whistle blew.

SEE COMPLETION OF HOSPITAL BY FIRST OF MARCH

With construction proceeding on schedule, St. Josephs Mercy Hospital, on Woodward avenue, Pontiac, is ready for occupancy well within the specified time limit of March 1st. Many Birmingham residents contributed to this building. Practically all the partitions are in place and the plasterers are at work. Plastering will be completed by December and interior decorating should be started in a part of the building by Dec. 15.
 The 75 foot chimney is now practically completed. This will finish the brick and stone work. They will finish the brick and stone connections for water and sewage and work in these departments is up and running. The city has promised to have the water mains in before freezing weather and the sewer connections by Dec. 1.
 Nearly all the windows were put in this week and this will greatly expedite interior work.

SALVATION ARMY OPENS DRIVE HERE

The Salvation Army opened its annual drive for funds in Birmingham Tuesday, under the direction of A. E. Hamilton, state campaigner. The drive will last until Nov. 27.
 "I know of no organization that can replace the Salvation Army in this particular field," Mr. Hamilton said. "No emergency is too great for it."
 The Salvation Army works every day, Mr. Hamilton explained. "Active in 1,325 cities in the United States, it reaches down and reclains nightly someone who has taken the path of least resistance," he said.

Science Club is Organized

A new organization, the Science Club has been formed in the Baldwin High School. This club will represent all the sciences taught in the school and will be sponsored by the teachers of science, Miss Achery, Miss Graves and Mr. Toothacker.
 Science topics of general interest will be discussed at the meetings which are to be held once a month. Between these monthly meetings the various branches of the club, such as the radio, camera, and chemistry groups, will have individual gatherings. The first program for the entire Science club will take place a week from tonight and at that time the officers will be elected.

"Paris, France.
 We have tried one of our models wearing a Carter combination. We have felt that our model lost nothing of its elegance and that the advantage of this undergarment lies in the fact that it remains unsuspected beneath the gown, since it does not blur the lines of the body."
 —Lauvin."
 "Paris, France.
 Your American women, who have found warm underwear in winter necessary in the American climate, present no problem to the mode as I view it, provided the underwear they choose combines smartness with comfort."
 I was delighted to find unchanged the lines of each gown fitted over Carter's underwear at my Paris atelier."
