WE HEARD IT SAID BY—
(Little Editorials picked up by the Staff in and around Birmingham)

Dewitt C. Davis, Pontiac undertaker: "Drivers of the long covered body trucks I find to be very courteous and helpful when we are on the road with our ambulance. Their thoughtfulness is greatly appreciated. This is in contrast to many other drivers on the roads who do not seem to realize the importance of giving an ambulance the right-of-way."

Alfred LaBelle, proprietor of local book store: "I was attracted to Birmingham because of the class of people that live here. I do not believe that there is any community the size of Birmingham in the United States that can boast of so great an average of intelligence. Its citizens, coupled with natural beauty of the land, make Birmingham a wonderful place in which to live."

S. White, grocery store proprietor, Woodward avenue at Lincoln: "I want to thank the volunteer firemen of Birmingham who worked so hard to save my store from the fire of

last Sunday night. Their work was efficient and prompt.

Justice Floyd S. Beck: "That winter is well upon its way to Birmingham is shown by the fact that there is less work for the court. We are considerably less busy during the winter months than in the summer time."

Numerous women hugged and kissed Robert Browne of Glasgow, acquitted of murdering James Heron, whom Browne shot for abducting a girl.

During his stay at Boton Abbey, King George drove slowly by a preacher's house daily so he could wave a cheerful greeting to the minister's invalid child.

It is estimated that United States citizens settling in Canada in the last 12 years took with them cash and effects to the value of \$12,470,553.

The new giant telescope planned for the Mount Wilson observatory in California will have a 300-inch reflector and will cost about \$1,000,000.

AN IMPORTANT ROLE

An Acre of Dirty Dishes

Washed In Your Home Every Year!

Notice the quantity of your dirty dinner dishes, then multiply it by the number of meals served every year. An appalling total—AN ACRE OF DIRTY DISHES!

Isn't it lukewarm water for cold, greasy dishes that puts the drudgery into this dishwashing? Isn't it the bother of putting water on to heat or going down stairs to light the heater— with the usual wait for it to heat up? Or, when you have no time to wait for hot water, the tiresome labor of getting the dishes clean and bright?

LOW COST
HOT WATER
— that means
Consumers Water Heater

Consumers Water Heater "Built Like a Thermos Bottle." It can use only a small amount of gas. It gives a constant supply of piping hot water.

Dishwashing at the best is bad enough so why make it worse? Why not have sizzling hot water on tap at all times? A splash of piping hot, soapy water, a dash of steaming clear water—and your dishes are clean and dry with only a swish of the towel needed to polish them.

That's the new, easier way to wash dishes.

The Consumers Water Heater gives you piping hot water at a price you can easily afford to pay. Why be without this great convenience?

CONSUMERS POWER COMPANY

Protect your car with timely expert SERVICE

Bring your car to us every 500 miles for a thorough lubrication and checking over. Let us add years to its usefulness, dollars to its trade-in value and new life to its performance, by giving it a little timely care.
