

N'EAST ASSOCIATION PLANS ARE COMPLETED FOR ICE SKATING RINK

Secure Consent of Property Owners On Poppleton and Rivemock For Almost A Block.

IS TO BE FREE TO THE PUBLIC

Birmingham is to have a new ice skating rink, according to plans practically completed by the Northeastern Civic association.

Consent of owners of vacant property which covers practically a village block at Rivemock on the west has been secured except in one case. This owner has not yet been interviewed, according to Gustav Ziegler, president of the association. In every case, he said, the owners have willingly co-operated and members of the group are so enthusiastic about the project that there are no hitchhikes in the plans in sight.

While the rink is primarily for those living in that neighborhood, Mr. Ziegler said it will not be restricted to them and all residents of Birmingham will be welcomed. There will be no charge for its use. Members of the association plan to finance the affair themselves.

Through been in which persons of the neighborhood will co-operate, the rink will be kept up, it is planned. The help will be voluntary in every instance, it was explained.

Mr. Ziegler said the rink is felt to be a need in the village because there are no places in Birmingham convenient for the children of the neighborhood to skate.

A by-lane is almost adjacent to the proposed rink and street lights will make night skating enjoyable, he declared.

PEDESTRIAN HAS LEG BROKEN BY AUTO

W. Robinson Run Down While Crossing Woodward Avenue. Receives Serious Injuries

W. Robinson, east Maple Gardens, received a broken leg and lacerations about the head when he was run down by a car driven by B. Levy, 1310 LaSalle Blvd., Flint, Saturday evening, on Woodward avenue. He was taken to Dr. John Gordon for treatment. It is said that Robinson was soliciting votes for the election of the zoning ordinance when struck by the machine.

EXHIBIT OF BIRMINGHAM'S INDUSTRY READY FOR THE COMING WEEK

(Continued from Page 1, Part 1) In evidence in the background, Mrs. Stanford feels that there is a great field for the artist in the work-day world that is Detroit. "I think the big factories provide unlimited inspiration for the artist," she said, "and I hope eventually to make etchings of many of them."

"The High Road" and the "Bishop's Study" are studies from Cullross, Scotland. "Bakehouse Close" finds its subject in Edinburgh, Scotland, and an etching of a ruined castle also has a Scotch locale.

"Dick Whittington Inn" in Old London, "Sunrise at Suez," "Nun's Alley" in France, the "Butterfly and Wattle" and some book plates complete the list of etchings.

The subjects of the wood block prints add to the cosmopolitanism of the whole exhibition. The first one is "The Lone Humpy," in Queensland, Australia, and the second is "Moonlight" also in Queensland. Mr. and Mrs. Stanford made their

home in Australia for some time. Another view of the Suez Canal, "Sunset on the Suez Canal," a print entitled "The Lone Pine" and one called "The Egyptian Fruit Market," finish the wood block group.

Both Mr. and Mrs. Stanford have worked on the pottery group, in which there are 35 pieces. Thirteen of these, which they have called "Phoebus' Feathers," because of their color, are a sort of red and gray, sang-de-boeuf, shade. The second section of the pottery group, "Moonbeams," contains seven numbers in a lovely soft blue. Five yellowish green pieces make up the "Sea Deep" section, and five purple ones are known as "Shadows." The "Nomads" five, as the name suggests, are just odd bits that don't fit into any of the other categories.

A number of brasses and embroidered wall hangings complete this exhibition of Birmingham art.

UNITED STATES MUST COLLECT WAR DEBTS SPEAKER DECLARES (Continued from Page 1, Part 1) which followed the address, Judge Aldrich declared that the best way of promoting that world peace which the national policies of the United States had always sought to maintain, was the frequent international meetings which brought together the doctors of each country and the lawyers of each country and the students and statesmen of each country.

He also declared that he did not believe a threat of war ever caused any proud nation to bow its head.

that such a threat in the League of Nations covenant would therefore not be so potent to prevent nations from dishonorable or willful actions as would an organized public opinion which would threaten the good name of an outlaw nation.

Social Hour. Mrs. Frank J. Miller introduced the speaker and a social hour followed at the address with coffee served by the World's Work department of which Mrs. Arthur Hartwell is the chairman. Mrs. Sophia Case was at the table with Mrs. B. C. Stewart and Mrs. Ernest Vahy in charge of the social arrangements.

The president, Mrs. William H. Uptegraff, was absent as she is in attendance at the Convention of the State Federation of Women's clubs at Ann Arbor this week.

The first American-style cafeteria to be opened in England was recently opened in connection with a London department store.

CHATFIELD DUE FOR LONG HOSPITAL STAY

Injured Man Painfully But Not Seriously Hurt in Tractor Accident.

Internal injuries recently developed will keep Eugene Chatfield, gardener with the Klein Landscape office, who was injured last week in the Pontiac City Hospital for another month, officials say.

Chatfield was driving a tractor near Wing Lake last week when it overturned on him, breaking two ribs and causing other injuries. He lives with his parents, Mr. and Mrs. Jay Chatfield, on Monnier road.

His condition is reported not to be serious.

SOUTHERN COUNTY ELECTIONS OFFICERS

(Continued from Page 1, Part 1) D. Loyd, executive secretary of the local Y. M. C. A., outlined the work which the association is carrying on, laying special emphasis on the need to teach boys the necessity for interpreting life as a means of rendering Christian service.

Lauds Youth. That Y. M. C. A. work is recovering from its criticism during the World War and again taking an active leadership in teaching the youth of the world to emulate Christ, was the essence of a speech given by Fred Freedman, of Detroit, state secretary of the Y. M. C. A. Mr. Freedman recounted his experiences at the world Y. M. C. A. convention held last summer at Helsinki, Finland. Referring to the youth today he said "the boys and girls are as able to take care of themselves as any generation the world has yet produced. They are severely criticised for their actions, but I honestly believe that, when the chance arises, they will be able to fulfill their parts in the drama of life."

Rev. Father W. W. Ryan, of the local Holy Name Chapel, lauded the work of the Y. M. C. A. and pledged his support to aiding the movement locally. Retiring President Shain thanked those who supported his terms of office, and the new president, Mr. Howarth, declared himself willing to continue the Y. M. C. A. movement in this section of the county.

Many Attend. The following local citizens were at the dinner and meeting: Dr. W. F. Gibson, George R. Avarill, Charles B. Randall, M. C. Hart, E. S. Jackson, O. F. Peterson, V. H. White, Frank Muholland, Robert Phillips, C. S. Kinnison, Joseph Dalley, John Martz, Paul Nutton, J. E. Stone, J. W. Cook, E. L. Manson, Edward Binzell, Percy Burnett, James Bayley, F. S. Beck, E. J. Coryell, Calhoun, Christopher O'Brien, L. L. Stanley, J. B. Howarth, Rev. W. H. McCurdy, W. W. Raymond, E. H. Peck, Charles R. Peck, J. F. Wenzel, Rev. W. W. Ryan, Charles J. Shain, Robert Bird, and Robert D. Loyd.

INTEREST IS KEEN IN HUNT RACES AS START NEARS

(Continued from Page 1, Part 1) up, J. E. Smallman, of Medway farms, London, Ont., brings "Gilbert" and "Kicky Wicky," and the Grasso Pointa Syndicate enters "Daine" and "Vivacious." In addition, Harry M. Jewett's "Armor," G. P. Pingree's "Daniel," F. T. Murphy's "Scotland," Mr. Burns Henry's "Playful Miss," Walter O. Briggs' "Gaelic," Edward F. Hammond's "Westinghouse," Hammond's "Bud-Anner" and "The Niece," from the Hill and Dale farms, Orion, make a list that is formidable enough to make any horseman sit up and take notice, and it is not complete.

Royal Oak—A fractured skull, received when she fell backward on the pavement at John R. and Kenneth roads after being struck by an automobile Sunday afternoon, caused the death of Ann Mansington, of Gultrie and Elger roads, Royal Oak Township. Death occurred at a Detroit hospital where she was taken after the accident. She lived about 65 minutes after being admitted.

Pontiac—Fred Hart, 60 years old, was killed Saturday morning in a terrific gas explosion which wrecked the house of his son-in-law, A. H. Locklin, 123 Onida road. Mr. Hart was alone in the house, both Mr. and Mrs. Locklin having spent the night in Detroit.
