

ZONING

Means

COMPLETE GOVERNMENTAL CONTROL

of

YOUR PROPERTY

Is it wise to yield your constitutional property rights to a political commission?

Proposed law reserves to the Commission full power to change any zoned district over your protest. Do you realize what that means? You will be unable to plan for certain, the use of your property sixty days in advance. **Is THIS Zoning?**

THIS PROPOSED LAW:

1. Is very similar to a 1922 discarded Detroit ordinance.
2. Has not had professional study as applied to Birmingham.
3. Ignores your subdivision restrictions.
4. Encumbers your title.
5. Confiscates property values without compensation.

Birmingham must not let such a dangerous ordinance become a law.
