Some of our citizens who don't believe in taking any chances have been putting in their coal for the winter...

Nath Atkins is beginning to find some drawbacks to his job watching at the railroad crossing. He says he can see that it's going to be terribly confining on a man.

"You Must Sleep"

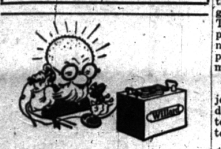

Nature does her repair work while we sleep. It is easy to realize, therefore, that continued sleeplessness is quite serious—that it may endanger health and mentality...

His Majesty A-Hunting Goes

In the picture, His Majesty King George of England is seen setting forth after a grouse. His mount seems a bit heavy for the sport, but in grouse hunting they say patience, rather than pep, is the requirement.

Milton Hall and his wife, Effie, spent last Sunday with Jim Bradley's folks at their big farm south of town. Milton ate so much for dinner that he was in a good deal of misery trying to stay awake and be sociable during the afternoon.

After a three months' absence in order to look down expenses during the summer, Miss Daisy Bell will be again playing the piano in the Gen. Theater again next week. We are personally glad to hear this for we never can feel very romantic in a picture show unless there is piano music.

The Woman's Discussion Club missed its regular meeting last week on account of the members couldn't decide what to discuss.

We just got in at dark from two days of the county fair over at Bromwell, and maybe some of our readers know the feeling. As usual, we've overdone ourselves. If we had left one of our five dollar bills at home as we meant to, we could look both ways with more enjoyment at this writing.

Tourist Traffic Seen As New Road Opens

With the recent completion of the last 22 miles of concrete road on M-16, the through trunk highway to Detroit from the west shore of Lake St. Clair, this state has further strengthened its bid for tourist travel.

Now the motorist can ship his car across Lake Michigan to St. Joe, Saugatuck, Holland, Grand Haven or Muskegon, and have a level continuous concrete road all the way to Detroit.

The opening of the last 22 miles of concrete on M-16 was celebrated by an outdoor banquet along the way in which the Lansing, Grand Rapids and Detroit motor clubs participated.
