SAFE, SURE, SECURE, CERTAIN, TRUSTWORTHY, PROTECTED, RELIABLE, GUARDED, TRUSTEE, are the words that the First Mortgage Real Estate Gold Bonds Stand For!

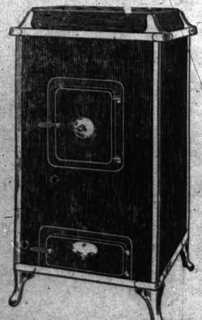

THIS IS A FACT! If you know as well as I do how perfectly satisfactory these investments are that I offer, should my office be in a shack in a deep woods, there would be a beaten track to me and I would be sold out always.

I CAN sell you \$100, \$500 and \$1,000 First Mortgage Real Estate Gold Bonds paying 6 1/2% interest twice a year by company. No taxes, no interest and taxes, no probating. Call on me for information. No better investment on earth. They can be registered in two names, the survivor to own them. Talk it over with me. No expense. You will not be urged to buy.

IF WE DO IT, IT WILL BE "GOOD PRINTING."

Winter

Is Just Around the Corner

THE Renown Circulating Heater supplies a volume of warm, healthful heat which cannot be duplicated by another method of heating except by a warm air furnace.

It gives two to three times the volume of warm air of a stove of equal fire capacity. This is due to the difference in method of heating.

The circulating heater has a heating unit enclosed in an outer casing with an air space or chamber between. The air is heated flows up from the bottom of the heater through this chamber and as it passes the inner chamber it is instantly heated and flows out through the top, circulating through the various rooms of the house. The action of the flow of air is exactly the same as in a warm air furnace.

BOYS PREPARED TO HOLD SCOUTS FEAST

Possible Organization of Birmingham Branch Seen As Program is Completed

Plans are being made today to accommodate about 300 men and boys at the scout rally to be held at the Birmingham Club on Saturday afternoon at 6 p. m. at the village will probably be organized at that time, according to members of the committee.

More than 200 personal invitations are being sent to men of Birmingham by members of the various scout troops. Capt. Ralph Moore of the Detroit scouts will make the principal address of the evening on the "Value to a community of scouting" while the original idea of the old scout movement will be presented by David H. Ladd, village commissioner.

Special arrangements are being made by members of the committee to have something unique in the line of food and those who are undertaking the work say there is to be a surprise in store for those who come.

Officers of the scout committees who are working on the project are:

- District Committee: J. J. Martindale, president; C. R. Evans, vice president; Fred W. Johnson, secretary-treasurer; Lloyd L. Stanley, commissioner; H. M. Mann, C. D. Carr, W. W. Raymond, J. B. Saunders, J. F. Wenzel, J. B. Howarth, Robert Hulbert, W. B. Evans, H. W. Potter, Ralph Goryell, John Gaffill, Frank Packard, Geo. Averill, H. H. Ladd, Richard Fowler, J. E. J. Shain, Tom Cobb, A. A. MacDiarmid.

Stage Complete
While members of the Building Committee have been working hard to have the main body of the theater one of the most beautiful of any similar theater in the country, they have not lost sight of the importance of a well equipped and carefully designed "back stage." They intend to fully proportioned and will be able to accommodate productions as large as many theaters in Detroit. They are familiar with the mechanical end of play production have said that the new Village Players' theater will have the advantage over many commercial houses in nearby cities as to detail of stage facilities.

They point to the fact that every available inch of space has been utilized, so that there is so designed that constant improvement will be always possible because the facilities are well equipped.

Committee men are deciding upon the kind of seats to order for the building which will accommodate more than 1,000 people. They intend to have them of the collapsible variety so that they can be removed from the floor when the building is to be used for dancing parties.

One of the striking features of the interior will be the fireplace. It will be not only decorative but is intended by members to be useful for burning logs in the winter.

Dressing Rooms
The furnace to heat the entire theater, is to be in the basement under the stage. In this basement also will be a property room and dressing rooms for the actors. A kitchen will be provided so that lunches may be prepared at the social gatherings.

Citizens of Birmingham and cities in the middle west are commenting on the accomplishments of the players and think their progress in the less than four years, of their existence is worthy of praise.

Spanish pilgrims recently present. The Pope with 200 bottles of Malaga wine, said to be 200 years old.

following bonds and interest on bonds due October 1st be paid the FIRST NATIONAL BANK OF BIRMINGHAM.

HEAVY FINE PROPOSED ON DRUNKEN DRIVER

Mas Who Smashed Machine Here Draws \$115 Or 60 Days; Companion Also Fined.

Daris M. Willey, 1430 Selden avenue Detroit, was fined \$115 this week with an alternative of 60 days in jail, and his license was revoked for six months by Judge Floyd S. Banta who found him guilty of driving while drunk.

Willey was arrested when he crossed High avenue against the signal and smashed into the small coupe driven by J. V. Martin, of Bannawille avenue. He was taken to the Pontiac City Hospital for treatment to slight injuries received, and then to the Oakland County jail.

Seth Carter, 1179 Perry street, Detroit, riding with Willey, paid a fine of \$35 on a drunk charge. Officer Edward Myers made the arrests.

NOTICE
Bids will be received up to 8 o'clock P. M. Monday, October 4th, 1926, at the Village Clerk, Center Martin and Forest streets, for the collection of street garbage. The Village Commission reserves the right to alter the conditions.

(Signed) HAZEL E. LAWLER, Village Clerk, Oct. 24

For the First Time!
—A Washing Machine that washes and dries at the same time
The NEW EASY WASHER
TWO TUBS
the small tub dries while the large tub washes
WITH its time tried gentle vacuum principle of washing and its new magical drier, my washer can compare with the New Easy.
The New Easy washes one tubful of clothes and dries another tubful at the same time. And there's no water to lift or carry. With half the time and effort, the largest washing is done in a twinkling.
May we demonstrate its many wonders? Call us now—there's no obligation.
