

SOON WILL BE MARKED

Erection of Garage Expected to Begin Within a Month, Says Supervisor.

Contracts will be awarded for the erecting of the new Bloomfield Township garage in about a month, according to Robert K. Moore, supervisor. Work will begin at the end of every effort will be made to have the building completed before the end of the winter so that it may be used for housing the township road equipment, he said.

The building will be located on the township property near the Highway Center and will constitute the first unit of the proposed group for the township. The other units are the ship office, community house and fire station. These are to be voted on later. The garage will be paid for by money raised on a half mill tax approved by voters at the Sept. 14 elections.

One Out of Every Five Is Lost!

Engineering investigations show that for every five shovels full of fuel you put in your furnace, one is used in heating the water in the furnace coil and so represents heat lost from your heating plant.

Can you afford it?
And when the weather is warmer and your furnace fire is low or out, the water is lukewarm or cold.

Can you afford this inconvenience?
Consumers Water Heater Gives You Low Cost Hot Water

The modern way, the convenient way, the economical way, is to install a Consumers Water Heater "Built Like a Thermos Bottle." Piping hot water at lower cost. Let us demonstrate.
