Approve Self-Government Seniors To Enforce Study Hall Rules

Student participation in disciplinary matters is being given a trial today in the Senior session room of Baldwin High School. It places responsibility of conduct on the seniors, and the entire on the pupils, depending totally on their trustworthiness instead of the supervision of the teacher. It was proposed last week by Principal Melvin C. Hart and George F. Johnson, senior session room clerk.

Mr. Johnson told the student body that the one unpleasantness in the duties of a teacher was the necessity of enforcing correct deportment. "The idea," he said, "is to place the responsibility on the student where it belongs."

Stresses Point
He strongly stressed the point that every member of the school body is a citizen, in every sense of the word. The rules for carrying out the plan in the session room are: The duty of a student is to take charge of all perils, hourly roll call, and control of the number allowed to speak with fellow students.

"My presence in the room should not even be necessary if this plan is carried out properly," Mr. Johnson told the group.

Mr. Hart accentuated that the plan is not student government, but student participation. "The pupils will not assume duties for which teachers are paid, contrary to some ideas," said Mr. Hart.

"The students must realize why they are in school and depend on themselves accordingly. Many have been careless in their conduct and require constant watching by the teacher."

Many schools use variations of the system, the strongest of which is the Holland high school, which, according to Mr. Hart, carries out the idea to an extreme, even using teachers in the session rooms and depending entirely on the honor of the students.

How They Voted
Of the 233 students voting on the questionnaire 131 received the question, "Do you believe the session room can be successfully conducted without teacher control?"

The second question, "Do you realize that such success depends entirely upon the individual and that you must take upon yourself the responsibility of your conduct?" received unanimous approval.

The third question asked for suggestions to improve the plan and many answers were given. The fourth, "Do you promise to observe all the rules as outlined?" received an affirmative answer of 160, negative 17, and doubtful 16.

Two hundred fourteen voted "yes" for giving the plan a trial with the right reserved to return to the old plan or to modify the new one if it did not prove satisfactory.

Many Approve
Opinions of prominent students on the proposal follow:

Rosemary Lamond, president of the Girl Reserves: "The plan seems to be a good one. There are, however, some restrictions which I think are unnecessary. Consider for example, the forbidding of students to read newspapers and magazines in the session room except for class work. It seems to me that a senior high student should know he has done his work and when he can afford to spend a few leisure moments without running to the library as the plan requires."

David Goff, captain of the track team: "The system undoubtedly is a good one and would perhaps improve the conditions in the study-hall. I would not endorse it because I believe that I am no more than human and would quite likely slip up at some time because I like to have a good time and do things which might not be considered the best in deportment."

Virginia Taylor: "The past experience has been that such a plan has not worked out satisfactorily and I do not believe this system will prove effective. However, I am in favor of a trial. I think that so long as there are to be

such restrictions on talking there will be difficulties encountered because if a student is capable of participating in conducting the affairs of the room he surely would be able to conduct himself on an orderly manner when speaking to someone else."

Frederick Whittier: "I believe that there is no need for such a system because after the novelty of the idea has worn off a condition will revert to the old trend. The study-hall, while it could stand improvement, isn't such a bad place after all."

Mary Louise Lipka, former advisor of the Order of the Rainbow: "It's a great idea and I think it will fill a long-felt need. Cooperation between students and teachers is a thing which should earnestly be striven for and I think this plan, with reservations regarding the reading of magazines, would receive the hearty support of all the student body."

Carleton Hewitt, president of the senior class: "An excellent idea. It is a step toward a broad understanding between the teacher and the student. The high school students of today are more independent than those of a generation ago. It places responsibility in the right place. I believe that within short time many of the restrictions, with regard to speaking, etc., can be eliminated. It should, therefore, receive the support of all the students."

Girls Complete Baseball Program
With a turnout of more than 20, the girls of Baldwin High School are now practicing on Wednesday and Thursday afternoons for track, baseball and tennis. Track and tennis schedules have not been announced as yet. The baseball schedule is as follows:

April 28—Oak Ridge—here.
May 5—Rochester—there.
May 12—Hazel Park—here.
May 19—Hazel Park—here.
May 26—Northville—here.
June 2—Farmington—there.

'ARK' IS PREPARED FOR JUNIOR CLASS

Gleaming under a striking coat of maroon and white paint, the Ark, the well known vehicle in which the Washington group sell their wares, is now ready to be used by the Junior Washington Group, its present owners, at the baseball game this season.

The four juniors who supplied the new coat of paint are Dorothy Cook, Loretta Fortin, Milton Thomson and George Winborn.

SENIORS ENTRAIN FOR TRIP TO EAST

Washington Group Activities Make Possible Extensive Tour For 70

Final preparations for the Washington trip are being made today by 70 seniors of Baldwin High School who plan to leave Detroit at 3 p. m. Saturday for a week, returning the following Saturday.

More money has been earned by the Seniors this year than ever previously according to William S. Tothaker, group advisor and head of the Seniors' department. The senior group completed 2,425.4 event hours which entitles them to \$7 credit an hour for their work, which totals \$17,018.22.

The itinerary planned by E. G. Lutes of the Fotters Travel Bureau, Inc., includes stops at even points of interest in the east: Harper's Ferry, Washington, Baltimore, Old Fort Comstock, Williamsburg, York, Philadelphia, New York, and New Haven.

The first stop after leaving Detroit will be at Harper's Ferry, Md., where the group will spend the night. They will then travel to Washington, D. C., where they will make a three-day stop. An auto trip on Sunday afternoon will take them through the zoological gardens to the cathedral at St. Albans through Georgetown over the Francis Scott Key Memorial Bridge to the Lee House and the Amphitheater and to the Lincoln Memorial on the return trip. In the

evening the party will visit the Congressional Library.

To White House
Monday morning buses will transfer the group to the Bureau of Engraving and Printing and from there will walk to the Pan-American building and then to the White House where buses will return to the hotel. Monday afternoon, buses will take the group to the Vernal Railway station and from there, by interurban to Alexandria, making stops there at the church and lodge rooms. From there the group will proceed to Mt. Vernon. "The trip back will be by bus."

Tuesday morning will be spent at the Old National Museum and from there buses will take the party to the New National Museum, thence to the hotel. In the afternoon the U. S. Capitol will be visited.

Wednesday morning a sight-seeing trip will be taken by auto to inspect Annapolis, Baltimore and then to Williamsburg. Dinner will be served on a boat of the Old Bay Line. The group will continue through the Chesapeake Bay to Norfolk, Va., where a tug will transport the group to a golf and for usual drill exhibition. From Norfolk they will go to Old Point Comfort by boat and thence to Williamsburg by train. At Williamsburg the party will be entertained by the local citizens. After a picnic at Williamsburg and Mary, the second day of the trip.

In the

evening the party will visit the Congressional Library.

sight-seeing tour will be taken before evening dinner and resuming of the journey. The party will pass through West Virginia Friday morning and cross Shenandoah Valley and the highest mountains of the east before reaching Cincinnati where they will dine at a hotel. They return a week from Saturday at 7:30 a. m.

Pictures will be taken of the group during the trip with the high school motion picture camera.

GIRL SCOUT TROOPS ORGANIZED HERE
Two Groups Get Under Way At Adams School; Pontiac Rally Is Planned.

Two Girl Scout troops are organized today at the Adams School. A troop of younger girls, ranging from 10 to 12 years in age, is in charge of Miss Dorothy Burton and Miss Ella Morgan, while two older girl troops, are under Miss Gladys Rogers and Miss Marie Pratts.

Previous troops have been forced to disband for lack of leadership, as well as an organization of Campfire Girls. Having Birmingham girls with practically no organizations of this type.

A troop under Miss Margaret Baker has been in existence at the Adams School for about two months, but the headquarters section has not met. The troop at the Adams School has a membership of 15 girls and meets at the school.

Both Adams troops will meet Wednesday afternoon at the school. Twenty-three girls were enrolled in Miss Burton's troop at

the establishing of such an organization. Much good work has been done and the benefit to be derived from discussion of important issues of the day is valuable to the students. Principal Melvin C. Hart stated: "The experience in organization alone is worth the effort entailed."

Ten students have already expressed their desire to organize such a club and several more are expected to avail themselves of the opportunity.

CLUB SEES PICTURES
A meeting of the Science club was held in W. W. S. Tothaker's lecture room in the Baldwin High School, Thursday evening. Six educational moving pictures of science were shown the group.

PLAN TO ORGANIZE DEBATING CLUB
Baldwin's Would Continue Practicing Throughout Year

With the resuming of classes after spring vacation, members of the debating squad will organize a debating club to develop material for next year's term. The work is under the supervision of Miss Vera Kaden of the English department who coached the debating squad successfully during the season ended last year.

The enthusiasm which had been shown during the past season is expected to be sufficient to warrant

the establishing of such an organization. Much good work has been done and the benefit to be derived from discussion of important issues of the day is valuable to the students. Principal Melvin C. Hart stated: "The experience in organization alone is worth the effort entailed."

The enthusiasm which had been shown during the past season is expected to be sufficient to warrant

its first meeting, while a similar number is expected to join the older girls' troop at its first meeting April 6.

Steps are being taken to put the troops under a council of five women. This council will take up work as soon as appointed by the Forest-Teachers' association.

Two members of Birmingham Girl Scout troop No. 1 were made second-class results at the Oakland County scout rally in Pontiac High School Friday. The two leaders, Miss Edgar and Miss Edith Kenner, will also become second-class scouts.

The girls who received the second-class badge were: Vera Morse, Jane Laughlin, Nellie McCommas, Dorothy Miller, Pauline Crowl, Alice Grizzner, Josephine Newbold, Denise Richards, Margaret Byers and Margaret Melvin.
