## Fashions And Fads

By MILDRED ASH

Weaving an interesting yarn—the embroidery of many of the smartest new frocks of light-weight woolen is worked in brush, or angora strands. Often a deep yoke and upper portion of the sleeves are worked in dull white yarn in a design perfectly simulating lace.

One of the smartest shades at the moment, according to travelers returning from Paris and Deauville, is banana. This shade combines the greenish yellow which is so esteemed at the moment and seems to work out remarkably well with the lighter materials like crepe chiffon and voile. The lames also employ it.

Panel or Tunic—As an evidence of her feminine independence Dame Fashion has adopted the so-called "culotte" skirt for sports and travel wear. This skirt has pleats, or panels, that conceal the fact of its being cut in trouser style, thus according perfect freedom of movement without actually appearing as informal as knickers.

Budding fad for rosebuds makes these exquisite little flowers the most sought after for boutonnières. In their natural colorings, rosebuds are being worn upon coat lapel or frock shoulder by the French women who set the fashions that are so swiftly Americanized.

## HOUSEHOLD HINTS

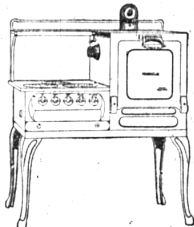

**MEAT HINT**  
Scallops are shellfish. They range in size from a hickorynut to a small apple. Most are usually the former size. The shell is a beautiful one, ribbed and veined in red and purple. The large shells were early used as dishes in which to bake oysters, fish and vegetables, and from this custom comes the term "scallop shell."

**Today's Recipes**  
Escalloped Scallops—Pick over and wash a pint of scallops; drain and dry between towels. Mix together one cup of cracker crumbs and one-half cup stale bread crumbs. Put a thin layer in the bottom of a buttered shallow baking dish, cover with a layer of scallops, sprinkle with salt and pepper and add a tablespoon of cream and one of milk. Put a second layer of crumbs, scallops and seasonings as before, including the milk and cream, and lastly a layer of crumbs. Dot with butter and

bake for thirty minutes in a moderate oven. Never plan a third layer of scallops. Only two layers will bake through evenly. Three hard-boiled eggs chopped and mixed with the top layer of crumbs, makes a nice variation to this dish.

**Bouillon** is a clear brown meat stock served as soup. It is usually served in cups to keep it hot.

## Cooking Without Hands

Suppose you want to spend the afternoon—the whole afternoon—calling, shopping, matinee-ing or what not! But there's that six o'clock dinner to be got ready! And a tired man coming home; and a hungry kid or two to be satisfied!

Easiest thing in the world—with an Electric Range. Put your dinner on the range; set the little time clock for the time you want cooking to start (it turns on the current at that time, never before). Then forget the kitchen until you come home, say, at 5:30. Your dinner will be ready to serve.

There's a lot of other interesting things that the Electric Range does. Come in and let us tell you—and how easily you can buy one.

## WITH WOMEN OF TODAY

By MRS. LILIAN CARPESSE

That the bank should be a community center for women is the contention of Miss Grace S. Stoerner, director of the women's banking department of the Bank of Italy National Trust and Savings Association of Los Angeles.

Bank directors are in contact with all women's problems, according to Miss Stoerner, and women have an economic value in a community's prosperity.

Miss Stoerner conducts an extensive course of lectures on finance and allied subjects such as real estate transactions for women, the workings of the federal reserve system, wills, banking as a profession, and investment plans. She is western regional vice president of the Association of Bank Women.

**Most Beautiful Housewoman**  
Oliver Barclay, an American girl was recently awarded the title of most beautiful housewoman of Paris.

**What Price Babies?**  
\$1,000 is the price each baby is worth to the community. Lieutenant Colonel F. E. Fremantle so informed the Maternity and Child Welfare Conference in London recently. Approximately \$50,000,000 is thus lost to the community through the 50,000 babies lost each year who should be saved.

**Heads Women Flyers**  
Mrs. E. Lewis Campbell is president of the women's auxiliary of the Chicago Flying Club. She has 16 pupils.

**Honor Suffragist**  
In recognition of her services to the suffrage cause, Dame Millicent Fawcett of England, was recently presented with one thousand pounds (about \$5,000). She gave the money for the endowment of a room in the University Women's Settlement in Chelsea.

**Empress' Hobby**  
The raising of silkworms is a hobby with the Empress of Japan.

A feature of some of the new fall sweaters is the knitted, turned-down rolled collar which is boyish and appropriately named the Robert collar.

## SUGGESTIONS

**Sparkling Crusts**  
To clean stained crusts, half fill with hot soapsuds to which one teaspoonful of baking soda has been added. Drop in some broken egg shells and let stand for an hour, shaking now and then. Rinse with hot water and dry.

**Frozen Orange Whip**  
Try this on your family. Take one cup sugar, two-thirds cup water, one-quarter cup orange juice, one pint heavy cream, grated rind two oranges.

Boil sugar and water until syrup will thread when dropped from spoon; add grated rind and orange juice. Cover and keep warm for one hour, then cool. Beat cream until stiff, then add gradually the orange syrup.

Take two whole oranges, cut in half crosswise and remove pulp and separate into small pieces. Pour juice into brick mold, then put in alternate layers of cream and orange pulp until mold is filled. Adjust cover and pack in salt and ice. Let stand two hours before serving.
