News Of Baldwin And Other Schools

EIGHT SENIORS ENTER CONTEST

Approximately eight Seniors of Baldwin High School are planning today to write essays in the Union Trust company scholarship contest, according to Mrs. Aris Horwath, head of the English department, who says that that number have signified interest. Booklets explaining the rules of the contest were distributed last week.

SCHOOLS BECOME 'SHOCK ABSORBERS' WITH ACTIVITIES VLIET DECLARES

(Continued from Page 1, Part 3) structure; they must discover and satisfy individual inclinations and interests. This has resulted in the Junior High School. A school of one thousand children touches five hundred homes at their most sensitive point, hence each child must be schooled as if he were the sole object of education. Childhood's personal problems, too, must be confronted, hence the establishment of the Advisory System. Where the homes are reluctant to cooperate with the schools, it has necessitated the establishment of the Visiting or Home Teacher department.

Boys and girls must be prepared for gainful occupations, hence vocational training. Girls are selected taught sewing and cooking in the home, to the schools provide a domestic arts department. Where boys must be kept close to the farm, agriculture must be taught.

"As high school pupils vary in personal choice of college, admission requirements of diverse institutions have to be met. The schools are required not only to give intensive training to prepare pupils for their colleges but at the same time give general training for those planning otherwise.

Methods Change
"Methods of instruction and subject matter are constantly changing, making it imperative for instructors and school executives to devote a goodly portion of their out-of-school time to study, to keep abreast of these changes.

"A multiplicity of special weeks have become a part of the school program, such as 'safety' first week, 'fire prevention week,' 'accident prevention week,' 'cleanup week,' all of which, with many others, are commendable.

"Yes, our schools have become 'shock absorbers' in the effort to stabilize thought, conduct and action. If this bulging and complex program has increased school costs and become an added burden to the taxpayer, the greater weight has fallen on the school executive and Board of Education. It is not a nine or ten months' job, as popularly supposed; it is a perpetual labor."

Miss Edith Bursot of Turin, Italy, was sentenced to 46 days in jail for throwing a pillow at a railroad official on a train.

TRYOUTS START FOR SENIOR PLAY

Tryouts for the annual Senior play at Baldwin High School are planned for late this week. The play is to be given Feb. 17 and work on rehearsals is expected to begin following Christmas vacation.

MUSICAL FEATURE ON HIGH PROGRAM

A musical program was given for the assembly at Baldwin High School last Friday which was under the direction of Miss Mae Bramstead and Arnold Berendt. Selections from the high school orchestra, the Junior and Senior high girls' glee clubs and the Junior and Senior boys' glee club, were given.

TEACHERS MEET
Miss Alva Hickox was in charge of the teachers' meeting Monday afternoon. Problems of homogeneous grouping were discussed. Teachers who spoke include W. S. Toothacker, Miss Merle Taylor, Miss Florence Ackery and Mr. Tarrant.

TELLS OF TRIP
An account of her trip abroad last summer was given by Miss Frances Ball at the bi-monthly meeting of the Girl Reserves, who met at the Community House last week. The club members are planning to card Christmas Eve and have been divided into groups.

To Wed Grid Star

This young woman has a reason for smiling—her engagement to Herb Joesting, All-American fullback for the last two years and captain of the University of Minnesota 1927 football team, has been announced. She is Miss Lora Davison, of Minneapolis, Minn., a Minnesota co-ed.

WASHINGTON GROUP WORK ON MINSTREL

The Senior Washington group is now completing plans for its Minstrel show to be held Jan. 12. Rehearsals are being held twice a week and property, advertising and costumes committees are expected to begin work this week.

This Xmas Give Slippers!

For—**MEN**
For—**WOMEN**

Built Like A Thermos Bottle

Pour hot coffee into a thermos bottle—and it stays hot. Heat water in this special water heater, and it stays hot. The thermos bottle, and this water heater are both built on the same principle. Q That explains in part the amazing efficiency and low cost operation of the heater. Q By

complete insulation the cold is sealed out, and the heat sealed in. That means that the gas burned heats only the water in the tank and not the air around the tank. Q This insulated tank is only one of the many features of this special heater that brings you low-cost hot water service.
