Long Line of Sedans Follow Record Making Number in Production.

BRIGHT FUTURE IS SEEN

Marking the latest spectacular achievement in its history as the world's largest producer of trucks and passenger cars, the Chevrolet Motor company today announces the production of its 3,000,000th car.

Equipped with balloon tires, steel disc wheels, one-piece fifti crown fenders, bullet-type headlamps, streamline body and other improvements incorporated into the new model, the 3,000,000th Chevrolet displayed a distinct advance over its most illustrious predecessor.

Coming as the culmination of four years' development, an entirely new line of Hudson and Essex cars is announced. Appearance has been radically changed to provide sweeping streamlines and

RECORD BROKEN BY HUPP SALE

New York, Jan. 12.—The tremendous scope on which the automotive industry is now operating was forcibly indicated during the New York Automobile Show when in ten minutes, T. E. Van Alstyne, New York Huppmobile distributor, sold \$1,500,000 worth of Huppmobile Sixes and Eights for immediate delivery to his dealer organization. This is believed to constitute a world's record in the merchandising of motor cars.

Dealers under the Van Alstyne Motor corporation gathered at its building on Broadway shortly before the opening of the New York Automobile Show opened to be given a previewing of the 1927 Huppmobile line of cars and to listen to a discussion of general policies, and the sales and merchandising plans under which the Hupp Motor Car corporation will operate in 1927.
