POLICE SEARCHING FOR THREE BANDITS

Dentist And Wife Robbed Of Money And Jewels On Woodward Avenue

Police today are searching for three armed bandits who robbed Dr. and Mrs. Harshman, 58 north Johnson, Pontiac, of $30 in cash and a diamond ring valued at $200 on Woodward avenue near the Lone Pine road at 1:30 a. m. last Thursday.

The bandits forced Dr. Harshman to the curb, jumped from another car that came up from behind to the rear bumper of the dentist's car and broke one window. He remained there covering Dr. and Mrs. Harshman with a revolver until another bandit arrived at the side of the car.

They both entered the rear seat, and after obtaining the money from Dr. Harshman and the ring from his wife, forced the dentist into their car, drove him a mile and a half west on the Lone Pine road and ordered him out. Mrs. Harshman was asked to remain where she was. The bandits searched her and the car then disappeared.

HEART TROUBLE FATAL TO MAN

One of Birmingham's interesting characters was taken by death when Thomas Roach, 79 years old, died at the home of his daughter, Mrs. S. V. Franklin, 109 west Humphrey street Sunday.

Mr. Roach was an old-time salt water fisherman, and had spent most of his life in his native country, England, coming to Birmingham only about 15 months ago.

His death was due to heart failure. He had been ill only one day.

He is survived by two sons, William, of Flint, and Jacob, of 109 west Humphrey, as well as his daughter, Mrs. Franklin, with whom he lived.

Funeral services were held from the home at 4-p. m. Tuesday. Burial was in Roseland Park cemetery.

Dr. Albert Mazine of Rheims directed in his will that his body be cremated and the ashes scattered over his garden.

LONG DISTANCE PHONE CIRCUITS ARE INCREASED

An increase in the number of circuits available between Pontiac and surrounding cities is responsible for the facility with which long distance calls are being put through from Birmingham today, according to J. W. Tatham, manager of the commercial office of the Birmingham branch of the Michigan Bell Telephone company. Birmingham long distance calls go through the Pontiac office.

With the increased number of circuits, the Birmingham subscriber gives his call to the long distance operator and gets his party in a few minutes, without hanging up his receiver, it is reported.

Under the old system, the caller placed his long distance call, if it was outside a radius of a few miles and hung up the receiver, waiting for the operator to call back when the connection was finally made.

The new system of handling long distance calls has been tested extensively before being put into service and in a test case this week St. Johns was reached from Pontiac in less than a minute, despite the fact that the call had first to go to Detroit, as there were no direct circuits from Pontiac to St. Johns.

About 80 per cent of all long distance calls for Michigan cities are being completed by this method. The principal point of advantage is that the subscriber is held on the line until connection is established or a definite report given him.

The system will not be operative, however, to cities outside of Michigan. In interstate calls the usual system of long distance calls will be used.

The speed with which calls from Birmingham to the nearer points such as Detroit and Pontiac, are completed has also been increased by the larger number of circuits officials say. These are regular calls, not person-to-person calls, which must go through the long distance office.

MAY PURCHASE COUNTY LAND

Oakland County supervisors are considering the sale of 163 acres of the county farm lands to the Grand Trunk railway for sidetrack facilities. Negotiations have been in progress for several weeks between the railroad company and the county board of auditors. The latter recommended Monday to the supervisors that the railway company's offer of $2,000 an acre be accepted for the small triangular parcel which adjoins the railway right of way and can be spared from the county farm without any injury to the farm.

The matter was Monday afternoon referred to a committee composed of Supervisors, Brooks, Ormston, Hayes, Dewey, and Willson who will report back to the board.
