HOLIDAY SALE OF SEALS NETS $5,112

County Association Still To Hear From Many Prospectives

Returns for the tuberculosis Christmas seal sale in Oakland County totaled $5,112 during December, according to Zelpha B. Haig, executive secretary of the Oakland County Tuberculosis association. Reports are yet to be received from 30 schools and returns from 3000 letters sent through the mail have not yet been totaled.

Awards are to be made to schools which filled their sales quota. Kite and kite, volley balls and pennants are included in the prizes.

The support of this organization according to Mrs. Hale is of value to the people. She said:

"Through health clinics you buy the right to know that you have a cook who is free from tuberculosis.

"You buy the right to know that you have a maid who is healthy or a nurse maid who is a safe companion to your baby in the close intimacy which this relation brings about.

"You buy the right to know that the man who works next to you or to your son or daughter is free of infection.

"You buy the right to know that milk products are made by healthy operators and that the clerks in offices and stores with which you deal are non-infectious.

"You buy the right to have your foods and meats handled by those whose contact is safe.

"You buy the right of education in personal sanitation, to the individual already stricken with tuberculosis, that he may know how to guard you and his companions or his family from contagion."

Bridge Devotees May Now Play While Riding Cars

Bridge whist devotees, of which Birmingham has many, have for a long time been in the habit of whiling away the journey on the evening de luxe chair car of the Pontiac division out of Detroit at 4:30 p. m. by indulging in the game. They have been under a handicap, though, being obliged to use card board for tables. But no longer.

Is the D. U. R. going to stop day the pleasure? Not at all. The players are going to have REAL tables!

Starting next Monday in place of the present de luxe chair car Executive Manager Drum on be- half of the receivers will give the patronage to this division something decidedly new in the form of a chair car, to be known as the "Ottawa," in which there will be three permanent bridge tables for the comfort of the experts. The rest of the car will be equipped with lounging chairs of practically the same kind now in use in the de luxe section.

The "Ottawa" has been rebuilt from the famous special party car "Yolande" having an entirely new interior arrangement. The tables together with 12 lounging chairs are located in the main or forward department, which will be available for smokers or those not objecting to the taste and fumes of tobacco. In the rear compartment there will be five chairs for non-smokers.

Ladies, whether with or without escorts, are entitled to the use of the main compartment and no sex line will be drawn in the use of the card tables.

For the present starting Monday morning the "Ottawa" will operate on the same schedule as the deluxe chair car which it supplants. This will be at 7:48 a. m. from the Birmingham waiting room and 4:30 p. m. out of Detroit. Executive Manager Drum on be- if the car proves as popular as half of the receivers will give the company officials believe it will, it patronage to this division something is planned to add another trip durdecidedly new in the form of a ing the day.

The club car is handsomely decorated both exterior and interior. The basic colors on the outside are desert sand gray and old iron with red striping.

The Packard Six may be had in a wide range of tasteful color combinations. One of these harmonious effects—each the conception of an artist—is sure to please your personal preference.

The Packard Six Appeals Most to the Experienced Motorist

PACKARD long ago foresaw that the car which would make the strongest appeal to experienced motorists would be a quality car sold at a fair price for quality.

Packard Six sales have proved that Packard was right. The improved Packard Six is deservedly the most popular car Packard has ever built in its twenty-seven years of fine car manufacture.

And yet the Packard Six is not an inexpensive car. It merely sells for less than any other really fine car. It should, for Packard has spent millions of dollars and years of time and effort equipping to build the Packard Six with the utmost precision and the greatest economy.

Experienced motorists—those who may have been extravagant in buying ultra-expensive cars, as well as those equally extravagant, who have bought cheap cars frequently and worn them out quickly—find in the Packard Six the car they have always wanted to own.

In performance the Packard Six is surpassed by but one car—the Packard Eight. In comfort, beauty and distinction it is unsurpassed by any car, American or foreign.

Those who are now buying the improved Packard Six cars expect on the average to keep them fifty-five months—nearly five years. They should and doubtless will keep these long-lived cars even longer. Therein lies the great economy of Packard ownership.

The improved Packard Six five-passenger Sedan is but $ 2710.00 delivered at your door, freight and tax paid. To buy out of income you pay $ 900.00 on delivery and $ 160.00 a month, including interest, insurance and all other charges. The value of your present car is deducted from the first and monthly payments.
