## 4 wonderful improvements

- 1 THE TOP IS ENCLOSED: Smoothtop is heated by burners across the front. All the heat goes back to heat the entire top. Lids can be removed for quick boiling.
- 2 YOU CAN COOK 4 VESSELS OVER ONE BURNER: Bring them to boil over the burners. Then group them over one burner and let them simmer to a favored tastiness. One burner keeps the whole top hot. Keeps the whole meal warm for the late arrival.
- 3 LARGE CONVENIENT COOKING TOP: Ample space to cook 6 or 7 vessels all at one time. A place to push things back and keep them hot.
- 4 OVEN HEAT REGULATOR AND COOKING CHART: Added to Smoothtop's many other conveniences is an oven heat regulator that keeps the oven temperature just where you want it. Also a convenient, cooking temperature chart built in the enamel and always at your fingertips.

This is the "Stump of Approval" of the American Gas Association. All Smoothtops are made in the U. S. A. fully protected by Patents in U. S., Canada and Great Britain.

Underneath the smooth, flat top of the new Smoothtop Gas Range are burners such as you never had the thrill of using before. Each produces 4 different zones of heat all at the same time! These burners are called Super Vulcan Burners—and no other gas range has them... In the column at the left, read of the other revolutionary gas range improvements that come to you in Smoothtop. Then stop in at your Gas Company or at any address below, and see Smoothtop demonstrated. See it perform its feats of modernness; its miracles of convenience.

Chevrolet Dealers  
Phone 850 Woodward and Ruffner

IT IS NOW one year since we first opened the doors of our Chevrolet agency at 520 North Woodward, having succeeded The Berger Sales. If we had high hopes of success at that time we have higher thanks now to offer. If our friends were few then, they are many now. We have much to be thankful for and we shall always endeavor to show our appreciation to the Birmingham Public.

A few months ago we located in larger quarters at Ruffner and South Woodward because of the unusual growth which demands for the Chevrolet have made upon us. Again we wish to thank the Birmingham Public for requiring this larger sales and service quarters.

Our display room is open to your inspection. If you have heard about the beautiful new Chevrolet and have not seen it, we invite you to avail yourself of our cordiality. There will be no obligation attached to such a visit.
