### Praise Received On 'Grad Section Of Eccentric

of schools. "I don't think a local paper ever did a finer or more beneficial thing for its community than The Birmingham Eccentric did last week when it issued the Baldwin High School supplement. It was interesting to every resident of Birmingham because it contained pictures and information which everyone wanted to know about the supplement itself is a beautiful piece of work, one that is worth keeping, and that it was issued as a courtesy on the part of our newspaper toward our schools, is something for which we are truly thankful."

Rolla J. Coryell, president of the school board: "It is a splendid thing The Eccentric has done. Everybody is interested in the school, and many people do not know the extent of our system. The fine graduation class surprised many by its size. The Eccentric has done something of great benefit to the school system of Birmingham by putting before the people this good looking supplement devoted entirely to the Baldwin High School. We are grateful."

R. A. Palmer, school board trustee: "The graduation section of last week's issue of The Birmingham Eccentric was a splendid thing for the school. I believe everyone appreciates it."
