Studebaker

now outsells the COMBINED total of ALL the other cars in the WORLD of equal or greater rated horsepower

THE COMMANDER—with Big Six performance heightened—with One-Profit prices lowered—is smashing records right and left.

It is smashing records of speed, records of hill climbing, records of sales.

No sedan with horsepower equal to that of the Bix Six, according to the ratings of the Society of Automotive Engineers and of the National Automobile Chamber of Commerce, sells for less than \$4,000.

To get Big Six power you must pay more than double Big Six prices.

As a result of this big value in power, the Big Six has outsold all these other high-powered cars—eights as well as sixes. Today, as a result of the astounding performance of the new Commander

models, sales of the Big Six are far in excess of the COMBINED totals of ALL other cars (those manufactured in the United States and also those built abroad), which equal it in rated horsepower.

COMMAND A COMMANDER

No words, but only your own hand on the steering wheel, your own foot on the throttle, can tell you why men are trading in cars that cost twice as much, to secure the superior power and performance of The Commander.

'Phone us and we will give you an opportunity to drive The Commander yourself—to appreciate why it has been called "the greatest post-war engineering feat"—why Studebaker salesmen have nicknamed it "the Ball of Fire."

The Erskine Six is now on display. This Little Aristocrat offers a new standard of comfort, performance and economy at its price. See it in our showroom.

Are YOU the Errand Boy For Your Family

DURING the summer months it usually becomes necessary for housewives to make a daily trip to the stores to purchase food that will satisfy summer appetites.

But there is no reason why YOU must be the family "errand boy." There is a much easier way.

BY simply phoning 1035 you can order whatever meat or vegetables that you wish and have them delivered promptly.

AND about our quality and prices... the fact that we are enjoying such an increasing patronage from Birmingham women leads us to modestly conclude that that is no question about these two considerations.
