Communication from the State Association of Supervisors read.

Pontiac, Michigan, December 29, 1926.

To the Honorable Chairman and members of the Board of Supervisors.

The next meeting of the Michigan Association will be held in the City Council Chamber, Pontiac, Michigan, on Tuesday, Wednesday and Thursday, February 1st, 2nd and 3rd, 1927.

This meeting will be the most important meeting held in recent years. The Association is growing in many ways in its history, the largest attendance that we have had in the past fifteen years of the Association's history is anticipated. Every county in Michigan should be represented.

The members of the Association will be glad of any suggestion from any county in the state. We would like also to hear from the Chairman or any of the members of the Board of Supervisors. Address any communication to the Secretary of the Supervisors Association, Lansing, Michigan.

Moved by Hillman that the entire Board represent the County at the annual meeting of the Michigan Association of Supervisors, and that the Clerk and Board of Auditors be instructed to make all necessary arrangements.

Ayes: Armstrong, Burgdorf, Boyd, Brooks, Butterfield, Clark, Coventry, Cuthbert, Durfee, Ely, Gale, George, Hayes, Hillman, Irish, Leece, Lessiter, McClure, Moore, Ormiston, Balmer, Seeley, Shimmons, Smith, Springsteen, Wardlow and Watties, (28).

By John D. Munroe, County Health Commissioner, speaks on duties of that office.

J. H. Lynch presents recommendation to the Board as follows:

Pontiac, Michigan,
January 6, 1927.

To the Honorable Board of Supervisors, Gentlemen:

The Board of County Auditors would respectfully report to your honorable body that the matter of the making and improving of drains in this county and to investigate for same, has received much attention on the part of the officers of the various municipalities and co-operation between them and the Auditors and that the Board of County Auditors is becoming of importance.

Under the present act, it is provided that the Auditors be represented on the Township Board for its action and if approved by it is then prescribed to the Board of Supervisors for its final determination. The Board of County Auditors feel that the control over such matters have the township officers. It may have rules that are different from the rule of the township board and that the latter might lead to the rejection of a plat which has already been approved by the township board. The township board naturally possesses more information in regard to the details that the Board of Auditors does not and cannot possess. On the other hand, the Board of County Auditors acts upon plats with all parts of the County in mind and is endeavoring to adopt something like a uniform system as far as conditions will permit. Consequently there may be and in most instances is a difference of opinion which results in unnecessary expense in the re-platting of the plats. With that end in view, we would suggest that the proper thing to do was for each township in the county to adopt a certain set of rules in regard to the procedure in platting which would be uniform throughout the entire county. This would not preclude the separate township boards from making such amendments thereto that might seem advisable. If uniform rules could be adopted it would be a step in the right direction and this reduce the element of friction.

We believe that the plats should, in the first instance, go to the Township Officers, but we believe that before the plats are approved that the tentative plat be provided for and to come over by the representatives of the Township Board and the County Auditors and that the engineer of the County Road Commissioners. Then all the parties interested shall be present and work together and make their suggestions and if any objections would be urged against the proposed plat that they be considered. After the tentative plan has been approved by the representatives of the three bodies then, of course, the approval of the Board of Supervisors is a mere matter of form. A considerable saving in the preparation of plats, in our judgment, would be accomplished. This would present a greater degree of uniformity than is at present in force.

We have given considerable time to this matter and take the liberty of reporting to your Board the following set of proposed rules, which we think should be adopted by the Board of Supervisors.

We trust your Honorable Board will see its way to be in favor of the same and that each individual township will adopt it. We believe that those rules should be referred to the Engineer through the Press or otherwise of that fact and copies of the proposed plats sent so, that there can be no plea as to ignorance of the requirements.

We believe, also, that the Township Board should be firm in its requiring that plats be presented in a reasonable length of time before being called upon to act. That the same rule on the part of the platter is to be always in a hurry. He will take months and months to prepare, but the moment he is ready to act he is impatient of even a day's delay in the approving of the plat. We think the Township Board owes it to the community to insist upon the necessary time in which to investigate all plats.

Respectfully yours,

BOARD OF COUNTY AUDITORS
By WILLIS H. BREWER,
E. SEVENER.

Regulations, Requirements and Instructions Relative to Making of Plats

The following suggestions, regulations, requirements and forms of certification have been compiled and classified for the convenience and information of surveyors, engineers, and other interested parties, and are in strict conformity with the provisions of the recently amended law regulating the platting of property in the State of Michigan to be known as Act 350, Public Acts of 1925, State of Michigan.

General Requirements

Field Work and Surveying.

The survey and three true plats thereof shall be by or under the direct supervision of a registered civil engineer or surveyor.

All measurements of distances and angles shall be done with great care and accuracy. All measurements shall be given at normal temperature of 68 degrees Fahrenheit and with a steel chain. It is strongly recommended that the linear error shall not be 1 in 10,000 be respected so as to provide for a fine closure of the outline of plat.

All possible effort shall be made to find section and quarter section corners and wherever such corners are found to be absence of such corners is established by legal and reasonable double.

Lost corners shall be replaced only after proper investigation as to the most probable location of the original corner, and shall be replaced with a monument approved by the Board of Auditors. Complete data showing manner of replacement of such corners shall be submitted to the Board of Auditors, and a preliminary drawing of plat.

Permanent monuments of size and quality specified by law must be planted in the ground before the plat will be approved.

Such monuments shall be located as required by law, and in addition thereto shall also be located at the ends of all curves and tangent lines so that both ends of every curve will be marked by a permanent monument.

When any conditions are such as to forbid the placing of said monuments as by law required, the Board of County Auditors may require a bond in the amount of $500, or more, to insure the placing of such monuments in conditions permit. The Judgment of the Board of Auditors in this respect.

Preliminary Studies and Layouts.

A preliminary plan of streets and alleys in a proposed subdivision should be made by a registered civil engineer or surveyor. Such preliminary drawing should be submitted to the Township Board, and the County Auditors for their plan of study, should show location of streets, alleys, lots, distances from section lines, distances to nearby railroads, streams, bridges, churches, factories, parks, etc., street names, width of streets, lengths of streets, number of lots, also name and address of the engineer and the owner or owners. In preliminary plans of property not needed to complete one-half of street the name and address of owner of adjoining land shall be given.

The corrected preliminary plans will be considered by the Township Board and will be valid for a period of ninety days only, unless extension of time is given to the engineer who may then proceed to make the final or record plats, conforming in every way to said approved preliminary.

Alleys and Lots.

Superhighways shall be 204 feet wide, secondary highways shall be at least 106 feet wide except as shown on the Major Road Commissioner's highway plan or as may be required by the Board of County Auditors.

Minor streets and roads shall be 66 feet wide.

Alleys in the rear of residential lots shall be 18 feet wide.

Alleys in the rear of business lots shall be 24 feet wide.

All easements shall be 6 feet or more in the rear of lots.

The center line of all streets shall be continuous, or in alignment with other streets. Where a curve is necessary in a street, it is better to angle a street, or to have a reverse curve in it than to jog it.

It is recommended that all residence lots be laid out not less than 60 feet in width.

The above regulations will be closely adhered to, unless variations are deemed necessary by the Board of local or surrounding conditions.

Computations and Drafting of Final, or Record Plats.

The plat paper shall be of good quality, strongly linened, and shall "measure 18 by 24 inches.

The limitation of error of 1 in 10,000 applies to the boundary lines of the outline of the plat.

The drawing shall be shown to the nearest hundredth of a foot.

Dimensions of all streets and alleys shall be given, also radii of curves.

Correct bearings of all streets shall be shown.

The plat may be drawn to any convenient scale, preferably it does not exceed 200 feet to the inch.

The plats must be completed and drafted in the platter's office and then submitted to the Board for approval.

The plat shall be drawn in a competent person, and be correct in every detail. The printing must be legible. Good quality of tracing cloth must be used, black for the plat proper, red for the outline, green for lot numbers, and blue for building lines and easements, and yellow for rivers or ditches. Green, yellow or light red for tinting of lots, etc., they do not photograph well.

All lettering on the plat must be executed by hand. No plats will be accepted which are drawn reproduced by any photographic process.

The outline of plats must be correctly described, with all angles, boundaries and sixteenth lines must be designated and the lines of all adjoining subdivisions must be given.

The point of beginning of the outline must be correctly stated and referred to some corner of section corner. Location of this corner must be shown by a small circle tint.

Plats must be a re-subdivision of an older plat, the lines and lot numbers of the older plat shall be shown in orange tint.

All public ditches running across the land platted must be shown in blue ink. When ditches are in easements and not a right of way has previously been provided for, the width of the same shall be shown, with all dimensions given.

All plats shall be drawn so that the north side of plat is placed toward the top of the sheet.

A diagram showing the scale used, a true north point, and the dimensions are shown in feet and decimals thereof, shall be shown under the caption of the plat.

All land within the boundaries of the plat must be subdivided into lots, lot numbers, block numbers, but no fractional lots, parts or excepted parcels.

Excepted parcels within the boundaries of the plat must be clearly and distinctly included in plat, and all dimensions of same correctly shown.

In all cases the Township Board shall be guided by the advice of the Board of County Auditors and a member of the Board of County Road Commissioners in joint action, in the matter of which three parties shall examine said plat and shall report in writing their findings, and every tentative plat shall have been passed upon by the said Township Board before same shall be approved by the three representatives, as aforesaid.

Moved by Hayes, supported by Springsteen, that above recommendation be accepted and adopted.

Notice of Call

December 31, 1926.

Dear Sir:

This is to notify you that there will be a special session of the Board of Supervisors, Oakland County, Michigan, held in the City of Pontiac, January 10th, 1927, at 10 o'clock a. m., for the purpose of considering and acting upon the petition praying for the annexation of certain territory to the City of Royal Oak, detaching same from the Township of Royal Oak.

Very truly yours,

BURTON P. DAUGHERTY,
County Clerk.

Proof of Service

State of Michigan,
County of Oakland.—SS.

I, Burton P. Daugherty, of Pontiac, Oakland County, Michigan, being duly sworn deposes and says that he is County Clerk of the County of Oakland, and that on December 31, 1926, to each member of the Board of Supervisors by registered mail a copy of the notice of the special session to be held January 10, 1927, for consideration and action upon petition praying for the annexation of certain territory to the City of Royal Oak, attaching same from the Township of Royal Oak.

BURTON P. DAUGHERTY.

Subscribed and sworn to, before me, this 10th day of January, A. D. 1927.

MARY COBB,
Notary Public, Oakland County, Michigan.

My commission expires November 23, 1929.

Petition

To the Board of Supervisors of the County of Oakland, State of Michigan.

We, the undersigned, qualified electors residing within the Township of Royal Oak or the City of Royal Oak, do hereby petition your Honorable Body to pass a resolution in accordance with Act 279 of the Public Acts of Michigan for 1909, and Acts amendatory and supplementary thereto, submitting to the qualified electors of the Township of Royal Oak and the qualified electors of the City of Royal Oak, the following proposed question of annexing to the City of Royal Oak and detaching from the Township of Royal Oak, the following proposed territory and boundary to said City, described as follows, to-wit:

Commencing at the intersection of Woodward Avenue, so-called, and the east and west one-quarter line of Section Eight (8) thence running westerly along the said east and west one-quarter line of Sections eight (8) and seven (7) to the quarter post of Section seven (7), thence running northerly along the west quarter section line of Section seven (7) and also along the same line the Town Line, so-called, to the northwest corner of Section six (6); thence easterly along the north line of Section six (6) to its intersection with the center line of Woodward Avenue, so-called; thence in a southerly direction along the center line of Woodward Avenue, so-called to the point of beginning; all of said territory being in the Township of Royal Oak, and not in any Village or City, but adjacent to and contiguous with the present City of Royal Oak, Oakland County, Michigan.

We find that the said petition was presented to the Board of Supervisors more than 60 days prior to the present session of the Board of Supervisors as required by law; that a true copy of said petition was given to each of said proceedings appear to be regular and sufficient in form and manner; that it be submitted to the voters.

We therefore recommend that the petition be granted and that the territory of the Township of Royal Oak comprising the territory affected by the proposition, be detached from the Township of Royal Oak, and annexed to the City of Royal Oak, Oakland County, Michigan, the question of annexing to the City of Royal Oak, and detaching from the Township of Royal Oak, the following proposed territory and boundary to said City, described as follows, to-wit:

Commencing at the intersection of the center line of Woodward Avenue, so-called, and the east and west one-quarter line of Section Eight (8) thence running westerly along the said east and west one-quarter line of Sections eight (8) and seven (7) to the quarter post of Section seven (7), thence running northerly along the west quarter section line of Section seven (7) and also along the same line the Town Line, so-called, to the northwest corner of Section six (6); thence easterly along the north line of Section six (6) to its intersection with the center line of Woodward Avenue, so-called; thence in a southerly direction along the center line of Woodward Avenue, so-called to the point of beginning; all of said territory being in the Township of Royal Oak, and not in any Village or City, but adjacent to and contiguous with the present City of Royal Oak, Oakland County, Michigan.

Notice of Call

December 31, 1926.

Dear Sir:

This is to notify you that there will be a special session of the Board of Supervisors, Oakland County, Michigan, held in the City of Pontiac, January 10th, 1927, at 10 o'clock a. m., for the purpose of considering and acting upon the petition praying for the annexation of certain territory to the City of Royal Oak, detaching same from the Township of Royal Oak.

Very truly yours,

BURTON P. DAUGHERTY,
County Clerk.

Proof of Service

State of Michigan,
County of Oakland.—SS.

I, Burton P. Daugherty, of Pontiac, Oakland County, Michigan, being duly sworn deposes and says that he is County Clerk of the County of Oakland, and that on December 31, 1926, to each member of the Board of Supervisors by registered mail a copy of the notice of the special session to be held January 10, 1927, for consideration and action upon petition praying for the annexation of certain territory to the City of Royal Oak, attaching same from the Township of Royal Oak.

BURTON P. DAUGHERTY.

Subscribed and sworn to, before me, this 10th day of January, A. D. 1927.

MARY COBB,
Notary Public, Oakland County, Michigan.

My commission expires November 23, 1929.

Petition

To the Board of Supervisors of the County of Oakland, State of Michigan.

We, the undersigned, qualified electors residing within the Township of Royal Oak or the City of Royal Oak, do hereby petition your Honorable body to pass a resolution in accordance with Act 279 of the Public Acts of Michigan for 1909, and Acts amendatory and supplementary thereto, submitting to the qualified electors of the Township of Royal Oak and the qualified electors of the City of Royal Oak, the following proposed question of annexing to the City of Royal Oak and detaching from the Township of Royal Oak, the following proposed territory and boundary to said City, described as follows, to-wit:

Commencing at the intersection of Woodward Avenue, so-called, and the east and west one-quarter line of Section Eight (8) thence running westerly along the said east and west one-quarter line of Sections eight (8) and seven (7) to the quarter post of Section seven (7), thence running northerly along the west quarter section line of Section seven (7) and also along the same line the Town Line, so-called, to the northwest corner of Section six (6); thence easterly along the north line of Section six (6) to its intersection with the center line of Woodward Avenue, so-called; thence in a southerly direction along the center line of Woodward Avenue, so-called to the point of beginning; all of said territory being in the Township of Royal Oak, and not in any Village or City, but adjacent to and contiguous with the present City of Royal Oak, Oakland County, Michigan.

We find that the said petition was presented to the Board of Supervisors more than 60 days prior to the present session of the Board of Supervisors as required by law; that a true copy of said petition was given to each of said proceedings appear to be regular and sufficient in form and manner; that it be submitted to the voters.

We therefore recommend that the petition be granted and that the territory of the Township of Royal Oak comprising the territory affected by the proposition, be detached from the Township of Royal Oak, and annexed to the City of Royal Oak, Oakland County, Michigan, the question of annexing to the City of Royal Oak, and detaching from the Township of Royal Oak, the following proposed territory and boundary to said City, described as follows, to-wit:

Commencing at the intersection of the center line of Woodward Avenue, so-called, and the east and west one-quarter line of Section Eight (8) thence running westerly along the said east and west one-quarter line of Sections eight (8) and seven (7) to the quarter post of Section seven (7), thence running northerly along the west quarter section line of Section seven (7) and also along the same line the Town Line, so-called, to the northwest corner of Section six (6); thence easterly along the north line of Section six (6) to its intersection with the center line of Woodward Avenue, so-called; thence in a southerly direction along the center line of Woodward Avenue, so-called to the point of beginning; all of said territory being in the Township of Royal Oak, and not in any Village or City, but adjacent to and contiguous with the present City of Royal Oak, Oakland County, Michigan.

Moved by Boyd, supported by Armstrong that we proceed to make report to Board at 2:30 p. m.

Carried.
