## There's a Time For Work and a Time For Play

**V**OU will work far better if you have a real play once a year. And you will live longer.

Have \$10 to \$1000 ready for vacation next year.

Simply save 2 cents each week for every dollar you desire to have next vacation. If you want \$1000, save \$20 weekly; if you want only \$10, save 20 cents weekly.

That's easy. And we add interest. Try it.
