

# MAN IS RETURNED TO FACE CHARGES

Wife Of Robert Burcum Has Him Arrested On Deserter Count

Robert Burcum, 39 years old, 110 west Ruffner street, is charged with desertion from the army on a charge of desertion made by his wife, Burcum left her and three small children destitute.

According to an exchange, the hero of a recent novel is a warm proposition. As described by the author, "His whole face lit up; his cheeks flamed, he gave a burning glance; then, blushing with wrath and boiling with rage, he administered a scorching rebuke."

# Red Crown Ethyl Multiplies Motoring Pleasure

Easy starting—smooth speed—quick pick-up! No knocks—just a rhythmic purr from the engine and a steady flow of power all the time—with RED CROWN ETHYL in the tank! It "knocks out that knock".

## Touring Suggestions

- 1.—Lake Monona in Minnesota, given national fame through Theodore Roosevelt's "Wild Fowl of Minnesota." A winding lake of bay and islands, estimated to have 400 miles of shore line. Reached by State Highway 11 from Minneapolis to Wapasha, a village on the north shore of the lower lake.
- 2.—The Mississippi River running through Illinois, Indiana, one of the three rivers in the world whose course runs north.
- 3.—The Kentucky River, which rises in the south and flows north.
- 4.—The Tennessee River, which rises in the south and flows north.
- 5.—The Ohio River, which rises in the south and flows north.
- 6.—The Potomac River, which rises in the south and flows north.
- 7.—The Delaware River, which rises in the south and flows north.
- 8.—The Susquehanna River, which rises in the south and flows north.
- 9.—The Chesapeake Bay, which rises in the south and flows north.
- 10.—The Long Island Sound, which rises in the south and flows north.

## Graham Brothers Trucks Win Reliability Race

First and second places in an international reliability race from Puno, Peru, to La Paz, Bolivia, were won respectively by a Graham Brothers 1-ton commercial car and a Graham Brothers 1-ton truck, according to word just received from North American race officials. The time for the 300 kilometers over dangerous mountain roads was 15 hours for the winner, 28 hours for the second Graham, while the third to finish, a light truck of another make, required 54 hours. The race, which was open to all makes, included miles of travel over the boulder-strewn beaches of Lake Titicaca, high in the Andes Mountains and treacherous trails winding up precipices—a test for dependability, power and stamina. The winning Graham Brothers entries are shown below on the shores of Lake Titicaca. Inset shows silver cup awarded as first prize.

SOUTH OF LAKE TITICACA, PERU. A 1-ton Graham Brothers 1-ton commercial car and a 1-ton Graham Brothers 1-ton truck, according to word just received from North American race officials. The time for the 300 kilometers over dangerous mountain roads was 15 hours for the winner, 28 hours for the second Graham, while the third to finish, a light truck of another make, required 54 hours. # Many New Features Emphasize Extra Quality In the Latest Series

## Hupmobile Six

Until you see and drive the new series Hupmobile Six Sedan, you can have only a faint conception of the new beauty, style, rich equipment and refined mechanical qualities now offered in a Six listing at \$1385. We have charted below a few of the many modern features—added without increase in cost—that make this Six unquestionably the closest-kept secret in America—and easily recognized as offering more quality per dollar of purchase price than any other six on the market.

You may safely use the new and finer Hupmobile Six Sedan as a guide in measuring the up-to-date qualities of any car you plan to buy. Here is truly modern, closed car beauty, comfort and luxury, not merely abundant but actually ahead, in many instances, of current design in moderate-priced six-cylinder cars. Inspect the Hupmobile Six and you cannot fail to observe the extra quality—in design, finish and color; in rich appointments; in wealth of high grade accessory equipment. Ride in this Six—get behind the wheel and feel the extra quality in the car's amazing smoothness, agility and overflowing rest and "go".

# Why Firestone GUM-DIPPED TIRES Wear Longer

WE recently were given the tremendous advantage of having the mammoth Firestone factories brought to us. In Tire Educational Meetings we were shown, by means of motion pictures, charts, fire samples and complete engineering data, the details of Firestone tire design and construction—and how Firestone and Oldfield tires and tubes are made in the world's most efficient and economical rubber factories.

Firestone pioneered the original low-pressure tire and made it practical by Gum-Dipping. The motion pictures showed us how the cords of the carcass are dipped in a rubber solution, thoroughly saturating and insulating every fiber of every cord with rubber. Simple demonstrations and tests illustrated the great advantage of this process, which supplies the extra strength to withstand the extra flexing strains of low-pressure construction—one of the reasons why such unheard-of mileage records.

Firestone Gum-Dipped Tires are establishing such unheard-of mileage records.

We learned why the Firestone Balloon Tread gives extra safety, comfort and long wear. We were shown why Firestone, from the very beginning, designed and continue to use the round Balloon Tread, minimizing "shoulder breaks", so destructive to tires. Excess rubber at the edges of a Balloon Tread is wasted—actually detrimental to the mileage. In the Firestone Tread the small units and sharp projections are scientifically placed to permit easy flexing, resulting in extraordinary riding comfort.

Come in and let us put a set of these Gum-Dipped Tires on your car—you can forget about tire trouble. Quality is higher than ever before—prices are lowest in history. Buy now!
