Several other meetings of committees are scheduled for the near future and those who met last night declared the enthusiasm they encountered in their work is high over the prospects of the week, which they believe will do a great deal toward advertising Birmingham.

HEAD OF LIONS CLUB SPEAKS HERE

District Governor of International Club Addresses Service Club
W. L. Hooper, of Detroit, district governor of the Lions International, spoke to members of the Young Men's Service club at their weekly meeting yesterday noon at the Chateau Tea Room in an attempt to interest the latter organization to affiliate itself with the Lions clubs of this country and to engage in the constructive work now being carried on through financial assistance to blind and crippled children.
For the past few weeks, members of the Service club have been planning on a motion to become affiliated with some national service organization and because of this interest Mr. Hooper was chosen to explain the Lions organization at yesterday's meeting. No action was taken in the matter but members of the club today are attending a meeting of the Pontiac Lions club and will report to their fellow members next Wednesday.

Became A City

It was also brought out by Mr. Moore that, as long as Birmingham remained a village, it was a corporate part of the township and would have to be included in any assessments levied for township benefits, even though certain local officials, and asked them to bring in a plan as soon as possible. The next meeting will probably determine Birmingham's final stand relative to the extension of fire protection beyond its own corporate limits.
