"I wish to congratulate you on your new KLEANBORE ammunition. I have tried it out and find it is what you claim for it to be. I am enclosing a six shot group made at 75 feet."

"I have been trying all the different brands of .22 long rifle ammunition in order to select the best. I find KLEANBORE shows the smallest groups."

**BOYS! HERE'S THE SCOUT KNIFE YOU WANT**

Every boy who examines the Remington Official Scout Knife will see the extra value Remington has put into it.

It has a longer, better scrawp, driver and bodie (pencil) blade than any other. The patented scrawp is so designed that it cuts easily, and won't slip. The blade is riveted so it can't come off and it won't lose the knife.

Then there Remington Scout Knives are sturdier, better built; the live shot in the blades is of heavy grade.

We'll be glad to show you one.
