

a word[★] about ourselves

Besides the publishing of a paper every week in the year, The Birmingham Eccentric is engaged in what is commonly known as "Job Printing". Every kind of printing from calling cards to color catalog and direct mail work is produced in this combined plant. In fact, The Birmingham Eccentric is the largest combined publishing and printing organization in Oakland County. If you have not known this before and are unacquainted with our quality work and complete printing service we extend you an invitation to investigate our facilities.

To Business Men Daily Engaged in Detroit

If you are interested in obtaining prices and information relating to printing work offered by The Birmingham Eccentric, phone 11 or 12 during the day and arrange for an appointment during the evening. We will have a service man to give you this information any evening you may designate.
