**Our 3rd Annual SPECIAL TRADE IN SALE**

**VALUES BEYOND COMPARE**

The big opportunity of the season to trade in your old or new equipment (tires) at full value and get top quality DUAL TREAD, PROPER SIZE General.

**Why Pay Extra for First Year Insurance on Tires that Need It**

**It's the SECOND Year that Makes the Big Hit**

Not only the second 10,000 miles, but the uninterrupted service that carries through to the last mile. The kind of protection you get only when it is built into the tire—protection that cannot be duplicated by any other line. Not the protection that dodges the question of natural wear and injuries against accidents by promising free repairs.

Not the sort of protection that you collect on only by having trouble. But the "top quality" protection that means avoidance of delay, of dirt, of soiled and sometimes spoiled clothing, of ruined tubes through going flat. These are the real protections that car owners want today. Freedom from trouble and longest uninterrupted tire wear—two to one.

With the present low rubber prices, what's the use of worrying along with the ordinary tire. Take advantage of this Trade-in Sale to still further reduce the first cost. Run this year and next year on Generals for less than you formerly paid for tires of half the mileage.

**WE HEARD IT SAID BY—**  
Miss Cecilia Zimmer, waitress: "Are women easier to wait on than men? Of course not. Men usually are satisfied with the food that is brought to them. Women, however, start telling you about how they would cook the particular dish. They are more inclined to be fussy and cause many trips to the kitchen. I prefer a tall fall of men anytime."

# Middlesex

In Bloomfield Hills

the "Good Buys" are not all gone

We people of Birmingham have seen the sanest rapid development and enhancement of real estate in all of Michigan, right in our own district during the past five years. We know this community will continue its advance but it is a little harder today to pick out a good real estate investment than it has been up to this time—but the "good buys" are still here.

Of all the country estate property close to the village, we feel that our Middlesex Country Homesites offers the greatest land values obtainable. The property is the highest in altitude of any in the district—it is already developed—home owners are living here—but the prices for two to five acre parcels are based on the cost of acreage four years ago.

Wider Woodward—the Grand Trunk railroad project—the paving of Adams Road in the near future—all of these things together with the splendid restrictions mean that no other property of equal desirability will ever be priced at less than 50% more than the few available parcels in Middlesex.

We ask your inspection and consideration of this property—located on Adams Road north of Long Lake Road.

Office on the property open Saturday and Sunday afternoons

Middlesex is easily reached from Birmingham, either by driving North on Adams Avenue or North on Woodward to Long Lake Road, then east to Adams and North about one half mile.
