Why We Are Able To Make You Savings of 25% to 35%

This Is Due To Several Very Good Reasons;

1st We own our own property, consisting of big warehouse buildings, formerly the property of the Cartecar Company, from which we derive a considerable revenue from the storage of merchandise for a number of concerns.

2nd Our floor space costs us little or nothing, due to the fact that we have warehouse buildings from which we receive an actual rent from other concerns.

3rd Our location is not on the main thoroughfare and all the incidental expenses are less, being located just west of South Saginaw street at Franklin Road opposite Parke street.

4th All this enables us to carry a large stock of furniture with ample amount of floor space to properly display it. We have the largest stock in Oakland County, in our honest opinion, which we cordially invite you to inspect without obligation to buy, and where we carry a diversified line of merchandise from the best manufacturing concerns in the country, from the extremely moderate to the higher-priced, suitable for the most modest home or a palatial residence.

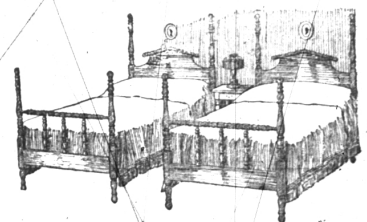

Our business has shown month by month, a great growth, due to the satisfaction we have given the many, many friends we have made. If you have not already visited our store you are most cordially welcome.

FREDERICK B. SMITH,
President.
