Mildly may be vacationing, but her clothes consciousness never rests. She is interested in what to be worn for fall. This coat of blue broadcloth with collar and cuffs of gray fox is one answer.

sprinkle with cinnamon and put dots of butter here and there and return to oven till the butter is melted and sugar is firm.

Cheese Fondue—One and one-third cups stale bread crumbs, one and one-third cups hot milk, one and one-third cups grated cheese, one-half teaspoon salt, one tablespoon butter, four eggs. Mix bread crumbs, milk, cheese, salt and butter, add egg yolks thoroughly beaten. Fold in whites of eggs beaten until stiff, pour into a greased baking dish and bake in a moderate oven till firm—about a half hour.

Chicken Salad—Four cups cold cooked chicken, two cups celery, cut fine, three hard-boiled eggs, one green pepper, one small can pimiento, one cup salad dressing or mayonnaise. Cut remnants of chicken in small bits and mix with celery, small bits of green peppers and pimiento, add the salad dressing. Mix well, and hard-boiled eggs, dice the last time. Put lettuce on plate and then a slice of canned pineapple; next put three tablespoons of salad on pineapple and top with mayonnaise, then sprinkle paprika on mayonnaise.

Mrs. Mary Costello of Chicago had her husband arrested for beating her because she hesitated on putting a dollar bill in the bank every week.

How to Achieve Beauty

By Mme. Helena Rubinstein

The Beauty Cabinet
I have told you how a plain little metal box may be used to make your beauty cabinet. But while it is nice and convenient to have a little closed cupboard for your jars and bottles, it is not necessary. Two narrow shelves, six to eight inches long will do splendidly, or falling both of these conveniences, you may simply clear out a drawer in a convenient chest or table, line it with either gray oilcloth or washable glazed cloth, and there you are.

For after all, your results won't depend nearly so much on the cabinet as they will on what you put in it in the line of preparations, and hot and when you use them. Our first-hand preparation will be one to guard against chapping, for the hairless Hippocrates, which is applied to the bones, the teeth, the nerves, the brain and the spine of the narrow neck, which is applied more so to the fitness and smoothness of the skin.

What will come next in your cabinet? First of all, hand cream, for it will go into palms and backs of feet every summer in the dust, dirt, sand, and when you are out in the sun. Don't simply rub oil on your hands after you have been dabbling in sandy grease or dirty water. Wash them thoroughly, for unclean hands are ruinous to the texture of the skin, since it simply crabs the dirt, instead of taking it out. Use soap or warm water, and if you are especially fortunate as to be in a hotel, where the water is hard, use either borax or ammonia. A few drops of the ammonia will neutralize the full of borax will soften a pair of hard water.

Hand soap has been much advocated for washing, but I do not think it is suitable to use on the face. The hands from the same consideration as any other part of the body, and by using simple rinses of salt in the water, or a beauty cream washing powder is a big beauty benefit. The hands from the same consideration as any other part of the body, and by using simple rinses of salt in the water, or a beauty cream washing powder is a big beauty benefit.

Another cream, your beauty cream, should carry the good and bad, hand lotion, washing and cooling, a perfect agent to be used for neck, arms and other abrasions. A tin or jar of cream will never permit for a quick cleanup of face, neck and hands, and the convenient little beauty cream is a real beauty aid.

The postwarized milk cream is unimpaired. And with these three cream are your own, the fundamental essentials of your kitchen beauty cabinet.
