The Lesson-Sermon also included the following passages from the Christian Science text-book, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The fact of matter, the mortal body and material earth, are the fleeting concepts of the human mind. They have their day before the permanent facts and their perfection in Spirit appear" (p. 263).

### Birmingham Shops Display All Kinds Of Family Gifts

(Concluded from Page 1, Part 4) tique or even a funny little dog stop, your problem is easily solved. If it's modernistic art they crave, there is the fat vase of green Spanish glass held by four very distorted and modern braccias, or if it's the antique, (and Santa reports that antiques are the vogue in Birmingham and Hills homes) there are delicately colored Italian marble bookends for \$30 or the most unusual of old chairs priced at \$300.

### More For Women

And for just the gift to please a woman there are china tea sets priced at \$35 and they have a history behind them. Tiny egg shaped cups of a greenish blue and saucers that resemble golden butterflies. And if you hold these cups to the light, you can see the delicate rice pattern where bits

of rice were left in the first baking of the china.

Those are gifts to buy when you are really making it Christmas Day for the home, but there are a thousand and one little knick-knacks to be had for a wong—fashion prints, which are the very things for milady's room or one of those nursery lamps for the children's room. And for the man, besides the interesting smoking sets, there are all sorts of masculine novelties for his room from shoebrushes to tie racks.

And just a word to the house wife who is shopping for delicacies for Christmas day, there is no need to go to the city for those fancy ice creams. There is a Birmingham shop that carries all kinds of French creams. There are bound to be a few persons you wish to remember but to whom you can not give gifts. Why not a card? In a certain shop you will find etchings drawn by a Birmingham artist and every card signed. They are priced from 85 cents to \$1.

## A FULL-TIME MOTOR OIL

There is Danger in Part-Time Lubrication

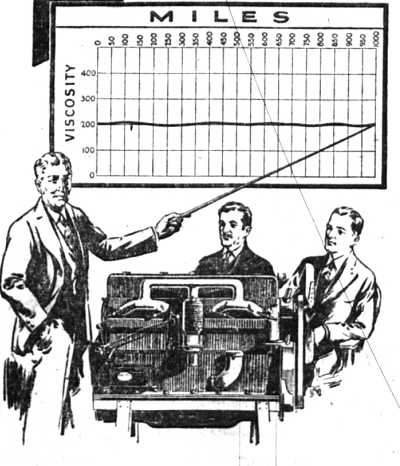

Your engine needs lubrication—not part of the time—but all of the time.

Old-type, ordinary motor oil will not give full-time lubrication. After 200 miles of driving it thins out. Your engine is not getting the lubricating service it needs.

Use Iso=Vis, the constant viscosity motor oil. It will not thin out. Iso=Vis was developed in the research laboratory of this company. It was made to overcome dilution trouble—and it does.

Give your car the advantage of full-time motor oil. Use Iso=Vis.

### Prepare Your Car for Winter

Drain, flush and refill with the proper grade of Iso=Vis! At any Standard Oil Service Station and at most garages.

Tune in next Sunday, from 6 to 7 P. M., for Chicago Symphony Orchestra, also on Thursday evenings, 9:30 to 10:00 for the Iso=Vis Entertainers, over WGN, Chicago; WTMB, Milwaukee; WOC, Davenport; WtO, Des Moines; WOW, Omaha; WDAF, Kansas City; KSD, St. Louis; KSTP, St. Paul

**Shop in the morning hours**

IT IS better to shop in the morning hours than to mourn in the shopping hours that you were not an early bird. Shop before noon when stocks have been replenished from the onslaughts of the day before. Shop in the morning when stocks are still comprehensively displayed and arranged.

Shop in the morning when salespeople are brisk, refreshed, alert and more attentive than they can possibly be during the rush hours. Shop in the morning when you, yourself, are more fit to exercise your best taste and judgment—when you can shop leisurely, thoroughly, thoughtfully.
