LIBRARY ADDS CHILDREN'S BOOKS

"Carillon Music" Leads Popular List During Christmas

The Birmingham Public Library today has added a new collection of children's books. The books were purchased from the Birmingham Public Library. The books were purchased from the Birmingham Public Library. The books were purchased from the Birmingham Public Library.

LET'S SETTLE THIS TIRE QUESTION NOW

Most manufacturers claim to have "the better tire." They're sincere.

The tires of 1928 are better, of course, than the tires of 1908 and 1918. It's to be expected that the tire of 1938 will be better still.

But the man buying a tire today wants to know, "What's the best tire on the market NOW?"

Everybody tells him: "I've got it—a bargain." "Here it is—with a special discount." Claim upon claim, inducement on inducement.

Yet, after all, the intelligent buyer will always bank on this "preponderance of the evidence," as the lawyers call it:

A BRIEF HISTORY OF A GREAT ACHIEVEMENT

IN THE Spring of 1925 Dodge Brothers undertook an important and gigantic task which is now complete. Since its inception in 1914 Dodge Brothers had specialized exclusively in a four-cylinder product. During thirteen years more than two million units of that product were sold to America and to the world. It is unnecessary here to comment on the singular merits of that famous Four. It was honored on the battlefields of war, and achieved equal distinction on the highways and byways of peace. Its long life and complete dependability had become an adage. Meanwhile, however, times were changing and tastes were changing with them. While still as important as ever, dependability alone was no longer sufficient. Greater speed and comfort, more style and luxury were the growing prepossessions of the hour. Two years ago Dodge Brothers appraised its task and embarked upon a program designed to place it and its Dealer Organization in a position on January 1, 1928, second to none in the industry. The astonishing results of this great achievement are now known to the world. It is doubtful if industrial annals can

cite, over a similar period, an achievement so outstanding. A smart, swift, low-priced and immensely popular quality Four has replaced its famous predecessor. The Senior Six, outstanding in performance, quality and luxurious appointment, has been created. Graham Brothers Trucks and Motor Coaches (formerly exclusively Fours) have been supplemented by sixes, fifty new types have been added. The capacities are broadened to range from one-half ton to two-ton, all resulting in the most complete and capable line of work cars known, and with prices ranging from \$670 to \$4,200. "Now Thursday come The Victories—six for \$1015 and up. Do not miss this engineering achievement of the decade. These accomplishments are following the other in steady progression, have now provided Dodge Brothers Dealers throughout the world with the most diversified and comprehensive line of passenger and commercial vehicles ever manufactured and sold by a single organization. For every need and purse there is now a Dodge Brothers vehicle built dependably and in full recognition of the progressive ideals of today and tomorrow. Adhering rigidly to the sound and honorable standards of a great past, Dodge Brothers have met the challenge of a still more exacting future.

More People Ride on Goodyear Tires Than on Any Other Kind

The reason for this is plain. Goodyear Tires have made good. They are supreme on the road, where performance is the only judge. Goodyear keeps this leadership unchallenged because Goodyear makes the World's Greatest Tire. Goodyears out-perform any other tires. Goodyears sell at fair prices without "bargains," "discounts" or cuts in quality. Goodyears are backed by a standard, friendly, expert service—the kind we give you here. Every customer we have will vouch for these statements about the Goodyear Tires we sell. It will be a pleasure to show you the new Goodyears and demonstrate our service.
