County Treasurer Announces  
Candidacy To Succeed  
Self

County Treasurer, Floyd H. Losee, announces today he will be a candidate to succeed himself as county treasurer on the Republican ticket at the September primary.

"After consulting with many of my friends and with taxpayers in various parts of the county I have decided to present my name as a candidate for re-election of the office of County Treasurer," said Mr. Losee.

"The duties of the office of treasurer have increased to an enormous extent in the last few years. As an example, in 1921 the total number of descriptions for delinquent tax sale amounted to 4289. At the sale held in 1923 there were 24890 descriptions. The total amount of receipts issued by the office in 1921 was \$4,706,765.49 but in 1927 the total reached nearly \$12,000,000.00.

"These figures give an idea of the tremendous amount of work and responsibility developing upon the treasurer. I have, during my incumbency in office kept pace

with its ever increasing volume of business and have perfected an organization which I feel is a credit to Oakland County and I am sure that the work of the office has been accomplished with the greatest efficiency and economy.

"If I am re-elected I can assure the electors I shall be able and courteous service in the management of the office that they have known in the past."

Mr. Losee is a life-long resident of Oakland County, having been born on a farm in Springfield Township, the son of Alonzo H. Losee.

He was educated in the township schools and in the Pontiac High School, and as a young man entered the shoe business with Foster & Co. in Pontiac. He was later a partner for many years in Losee Bros. & Company, shoe dealers, and after that firm was dissolved maintained a shoe business for his own which he sold in 1920 to the Chase Mercantile company.

He was elected county treasurer in 1920 and took office Jan. 1, 1921 and has had charge of the office since. Mr. Losee lives with his wife at 70 Cherokee road, Pontiac. He was at one time, city supervisor and before that for several years a member of the old board of public works. He belongs to the Knights of Pythias, Rotary club, and the First Congregational Church.

"Sacrament" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, Sunday, July 8.

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Jesus saith unto them, Come and dine. And none of the disciples durst ask him, Who art thou? Knowing that it was the Lord." (John 21:12).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "This spiritual meeting with our Lord in the dawn of a new light is the morning meal which Christian Scientists commemorate. They bow before Christ, Truth, to receive more of this reappearing and silently to commune with the divine Principle, Love." (p. 35).

## WE HEARD IT SAID BY—

Dr. Hugo Erickson: "A dam has been constructed on the Rouge between Woodward avenue and Willetts street, which has had the effect of lessening the water level above the dam and has made a mere creek of what one of our local clergymen called 'our noble river.' But the worst of it is that the former rapid current of the little stream has been slowed up to such an extent that it has become the breeding-place of myriads of mosquitoes and is a menace to health on account of the scum which has formed upon its surface. It has developed a perceptible stench and altogether presents a situation that should be investigated by the health officer."

at the Methodist Church and the Rev. R. M. Atkins will deliver a timely and interesting sermon. The study of the Early Christian Church will be continued and all are expected to participate in the discussion.
