

COMFORT

INDIAN shock absorbers let you ride in comfort in your automobile because of *two-way control*. Let them demonstrate themselves—we'll put them on your car for a ten-day trial.

SUTHERLAND SERVICE
WOODWARD AT HUMPHREY

YES

Dodge Brothers Standard Six is the fastest car, with the fastest pick-up, under a thousand dollars

HOWEVER

That is only HALF the story. The IMPORTANT point is that this exceptional speed is made practical by Dodge ruggedness of chassis and body construction.

OTHERS

Might succeed in building a car at this price with equal SPEED, but to do so successfully they would also have to build a car with equal STURDINESS

AND

That is where Dodge Brothers, with years of experience in building a dependable low-cost product, are years ahead of the field.

YOU

Can buy the Standard Six knowing that it is not only the fastest car in its class but the sturdiest—and the one is every bit as important as the other

\$875

COUPE F.O.B. DETROIT

Is the price, and you will find our payment-plan one of the most liberal you have ever investigated. Drive the Standard—without obligation—today!

ROTARY CLUB
CONCLUDES YEAR

Reports On Convention Made and
New President Takes
Office

A resume of the past year in the life of the Birmingham Rotary club, together with a recital of impressions received while in attendance at the Rotary International convention in Minneapolis, were the subjects presented to local Rotarians here by Charles J. Shain retiring president of the club. Following his talk Mr. Shain turned the gavel over to Clarence Vliet, superintendent of public schools, who will preside for the next 12 months.

Mr. Shain took his fellow Rotarians through the various phases of the five-day convention at Minneapolis, and very aptly imparted to them something of the interest and enthusiasm that were manifest among the 7,000 Rotarians from 37 different countries, during the convention. He stated that, under the leadership of Arthur H. Sapp, president of Rotary International last year, the movement had made tremendous strides throughout the civilized world, and now included 136,500 Rotarians in over 3000 clubs in 40 countries of the world.

Tells Position

"The real seriousness of Rotary, and the place that it plays in the hearts of men, was excellently exemplified when William Cuno, president of the Hamburg-American Steamship company, and a former Chancellor of Germany, told the convention that he considered movements such as Rotary means of bringing about a quicker realization of world peace," Mr. Shain said. "Mr. Cuno's appearance on the program, with hundreds of other foreign Rotarians, shows what Rotary may mean to the world when you realize that these men come from great distances, not to learn some new trick in business, but to learn how to be of greater service to their community, their nation, and thus to the whole world."

"Another speaker on the program, perhaps the best during the five days, was Sir Donald MacLean, who is high in the political affairs of Great Britain," went on Mr. Shain. "Sir Donald was the last to speak during the convention, and his subject, 'International Goodwill,' was ably presented. Sir Donald told the Rotarians present that the mere disarmament of armies and navies would never bring about peace; he declared that the world needs disarmament of the mind, and that the time has come when nations should dispense with their diplomatic clinical thermometers. He praised the efforts of Rotary and pointed it out as one of the greatest movements alive today which is creating a universal brotherhood and a universal mind."

Other features on the convention program were described by Mr. Shain, who also asked that every member of the local club try to attend an annual Rotary International convention within the next five years. The next convention will be held at Dallas, Texas.

Howarth Reports

Mr. Howarth's report showed that the club's average attendance for the year was 90.8 per cent, including several 100 per cent meetings. Seven members never missed a meeting; they are Walter Connelly, James W. Cobb, Harry J. Hammel, Glenn Rottier, Charles B. Randall, Phil J. Williams, and J. B. Howarth. Approximately \$500 was given to various causes during the year from the club's treasury. Thirteen new members were accepted during the past year, seven resigned, leaving 43 on the present roster.

WOMAN FINED

Winifred Hippe, of Holly, and John W. Sanders, 150 W. Euclid avenue, Detroit, both arrested by Patrolman George Townsend, paid speeding fines in Justice Malcolm Hunt's court Monday. Hippe's fine amounted to \$10 while Sanders paid a \$15 fine.

Property Purchase
shouldn't be left to
luck

Buying or selling, it may mean a lifetime's savings. Your local Realtor—recognized by this Board as a real estate expert—is pledged to loyally serve his clients.

His services cost no more—yet include recognized ability, experience, real knowledge and, in the event of a dispute, impartial justice from the Board.

Pilots Seaplane

A French navy aviator, Lieutenant Paris, above, is planning to pilot a giant seaplane, specially constructed for the voyage, on a three-day flight from Paris to New York. The flight plans call for a stop from Paris to the Azores, the Azores to Newfoundland, and Newfoundland to New York.

COUNTY CAMP
QUOTA FILLED

According to Major M. F. Loomis, recruiting officer for the Citizens' Military Training Camps in Pontiac, Oakland County's quota to this year's camp, opening at Camp Custer July 26, is filled.

Major Loomis advised all those registered for camp, even though listed as alternates, to continue preparations. Several counties in the state will not fill their quotas.

Each of the recruits has been mailed a complete list of the equipment and paraphernalia necessary for the camping period, and instructions for travel and reporting, by Major Burton E. Brown, acting assistant adjutant general for the sixth district, in which Oakland county is located.

To prevent and correct former misunderstandings and confusion, Major Brown's letter to the recruits requests that the following items be brought: suitcase, bath, reporting suit, shaving and toilet articles, bath towels, face towels, handkerchiefs, pajamas, and underwear. Athletic equipment is also recommended, though not necessary. The letter warns recruits to leave expensive watches and jewelry home.

Rifle competition and awards for outstanding ability are features of the camp at Battle Creek. Students attending the camp are eligible to scholarship at several Michigan colleges.

PASTOR ASKS HELP
FOR INFERIOR RACES

Stressing the theory that inferior races must not be oppressed and subdued, but uplifted and given Christian education, Rev. David L. Woodward chose as the subject of his sermon Sunday Jesus the Way-to Christian Brotherhood. This is one of the series of sermons on "Jesus the Way" being delivered by Rev. Woodward.

"I believe Jesus is the way to racial brotherhood because it was none other than he who declared, 'One is your master, even Christ, and all ye are brethren,'" Rev. Woodward said in his sermon. The great question now, according to Rev. Woodward, is, "Can Christ lift us above racial antagonism and enable us to see and

apply Christian principles to race problems?" As to how soon the problem can be solved, depends on the followers of Christ, Rev. Woodward declared.
