The annual outing of the board of supervisors, and employees of Oakland county in the form of a picnic is planned for Aug. 2 at the county park at Davidsburg. Everyone in this section is invited to what is announced as an "all fashioned picnic and styled, 'an Oakland County get-together affair.'"

BALL GAME SUNDAY AT TOWNSHIP PARK

The baseball diamond of Springdale park on the Kensington road will be used by the first time when the Birmingham Independent meet the Detroit Police men's team next Sunday at 3 p. m. The game planned for last Sunday with Annada was off because of wet grounds.

A regular schedule of events for the park may be announced at a later date, township officials say. The park contains 55 acres of land and is admirably suited for the purpose of recreation.

CARILLON CONCERTS SUSPEND THIS WEEK

The last of the series of carillon concerts given from Christ Church, Bluefield Hills, by William Hall Miner, organist and choirmaster, will be rendered at 7 p. m. Saturday evening. The carillon will not again sound until September, when the concert, so greatly appreciated by the listeners, will be resumed.

The program for the last concert is as follows: Mr. Miner announces:

"Large" from Dvorak's New World Symphony; "All Through the Night," "Rhebelles of Scotland"; "La Marseillaise," French National Hymn; "My Old Kentucky Home," "Swiss," in "The Gold," Gold, Ground and "Home, Sweet Home," "Love's Old Sweet Song," "Star Spangled Banner."

POLICE FIND LOST 'GATOR

"Allie's lost," little Ruth Seager told the big policeman at the village police station, last Friday. Allie's lost and I've just got to find him.

Allie is a 14-inch alligator that Mr. and Mrs. H. A. Seager, of Pierce street brought from Florida for their children. Ruth immediately claimed him as her pet. That was two years ago and Allie was just a baby alligator then. Ever since then he has been the apple of Ruth's eye and it was with genuine terror that she reported the loss of her pet last Friday. But it wasn't for long. They found Allie under a stone in a neighbor's yard and Ruth's happy again.

Local Boy To Show "Bag Of Tricks"

Clarence Cummings, Jr., of Park street, the son of Mr. and Mrs. C. H. Cummings, is to give a sleight of hand performance at the Birmingham Theatre Saturday afternoon, as a part of the regular Saturday children's matinee.

Clarence has become quite adept at sleight of hand and other feats of the well known art of prestidigitation. He has given numerous performances in Birmingham, as a part of the regular Saturday children's matinee. He has also appeared in extra-act programs for class and school plays and other performances at the schools. This, however, is his first appearance in the public at large. Friends who know his work well say that a future in the sleight of hand line is assured him.

Clarence Cummings, Sr., also does occasional work in the profession, and he worked in a Chicago theatre as stagehand, picking up acts from Blackie, and on late Broadway and has also appeared on the stage.

SEEK TAXI LICENSE

Granting of a taxi license to Shaw Bros. local automobile company, was deferred Monday by the commission when they referred the matter to village attorney J. H. Ogden for study. According to village clerk, Myrtle Carson, the applicants do not conform to certain requirements of the village ordinance relating to taxis.

Mrs. Helen Wells of Chicago, stated in court that her husband's name was Shurt, but she had never used it.

GRINNELL BROS. TO OPEN SATURDAY

Well Known Music House Plans Ideal Service For This Community

Opening of the first music house in Birmingham by the Grinnell Brothers Music House of Detroit is scheduled for Saturday. The Birmingham branch, which will be located at 1000 Broadway, will handle a complete line of small instruments, which includes all standard, hand, and portable stringed instruments, pianos, gramophone and Duo-Art records, photographs, sheet music and musical accessories, such as record strings, and other needs for the musician.

According to Detroit store officials, the store here will endeavor to continue the high standard of quality and efficiency which has been connected with the Grinnell name for nearly half a century. Plans are being made to serve the needs of the members of the various school bands, any other musicians in Birmingham, as well as private musicians. Mr. Wingerden says:

A formal opening with artists from Detroit will be held in early September. At present it was thought not advisable to hold a formal opening, as the reputation of both Birmingham and the Hills has been decided by vacationists who will be back in town in the fall.

COUNTY COURT HOUSE TITLE NOW CLEARED

Decision of the State Supreme Court this week that Oakland County may sell its Court House site for county buildings is one of the biggest problems calling for unbiased consideration and far-sighted judgment that the Board has ever been called upon to settle.

Whether the county should be constructed on the site of the present Court House or this property sold and an enormous sum of money they will bring and a new and larger site purchased and a building constructed with the money, or whether the county should develop a civic center with Pontiac city, all are problems that the public as well as the Board of Supervisors should consider.
