CONFUSED AUTOIST DRIVES FOR HOLE-IN-ONE

Chief William Putnam of the Bloomfield Hills police department received a novel call from the Bloomfield Hills Country club last week. As he answered the phone, a voice adjured him to "hurry out, there's a man driving an auto around the greens."

Putnam went out to the club and found David Todd, of 1950 west Boston Boulevard, Detroit, sitting at the wheel of the car.

Todd explained that he had lost his way, and promised Putnam that he would pay for repair of the damages.

I have not met prejudices and I in turn have tried to give women opportunities in my business, but I think reasoning women know that in many fields they are limited.—Mrs. E. M. Statler.

"For the complete enjoyment of July the 4th's automobile excursion equip your car with this new and remarkable Goodyear Tire"

Have You Seen It?

The New Type of Tire Just Being Introduced and on Exhibition at Birmingham's Only Goodyear... Dealer -- F. E. Sternal

The . . . GOODYEAR . . . Double Eagle

WE PROUDLY EXHIBIT, this week, a tire such as you've never seen before.

A tire of entirely new type, created to honor Goodyear's 30th Anniversary. Built without regard for cost, it is definitely non-competitive. It is named THE GOODYEAR DOUBLE EAGLE.

Frankly, it is a better and costlier tire than most people need.

For most purposes, the regular Goodyear All-Weather Treads and Goodyear Pathfinders are "The World's Greatest Tires." The GOODYEAR DOUBLE EAGLE, we predict, will last as long as the average owner uses his car.

Without ever a stop due to tires, he ought

Important Features of the "Goodyear Double Eagle" . . . the tire of tires

- 1 The finest, strongest, handsomest tire that money can buy.
- 2 The deep-cut, tractive All-Weather Tread is practically double-thick.
- 3 The toughest and longest-wearing rubber compound in this tread Goodyear has yet developed.
- 4 The body of the tire is built of extra-heavy Supertwist cord fabric, to a new oversize dimension both in cross-section and overall diameter.
- 5 More plies of cord fabric; more rubber between the plies.
- 6 Lined with an extra layer of rubber to protect the cords from moisture.
- 7 Special low temperature cure.
- 8 The finest materials, the finest construction, regardless of cost.

to be able to drive hard and fast over all kinds of roads — ANYWHERE, ANY TIME!

The odds are probably 1,000 to 1 against punctures, blowouts, or similar "reminders" that there are such things as tires on a car.

Shortly your eyes will be attracted to these handsome new tires as they lend a further distinction to smart cars. Two silver stripes and a silver medallion jet black sidewalls, and deeper-cut All-Weather Treads, will identify DOUBLE EAGLES.

These tires will quickly become a topic of conversation, wherever people "talk automobiles." Why not visit our exhibit and know the facts first-hand?
