Whether the picnic be just a "twosome" or a real family sized affair... It's no "picnic" getting ready for one!... remembering the dozen and one details that go to making it a real success... This week I found out that Hallocks Grocery that wonder store of SERVICE... at 118 W. Maple St. will prepare a picnic basket complete in every detail at no cost other than the contents... Just imagine telephoning and saying "I should like a picnic basket for... people" and then not having to do it at back and wait for the family flivver to choose to run!

ous hunter's green!... and walls paneled in walnut! The davenport is of the green with henna cushions. The henna draperies of rich brocade hang from wrought iron rods, and fall far below the base-board, arranging themselves in graceful likenesses to the floor, they are tied with cords and tassels in a gold and henna. The carpet is in the henna tone, there is also a chair done in striped linen frize, and when you add a beautiful framed tapestry, and one marvelous oil painting, I can't conceive of a livelier room!

Fourth of July is the day of Independence... We'll stop in at the Walnut Glen Pantry, Woodward Ave., at Oak, for one of their delicious tins... and Mother can show how independent SHE can be 'cause she didn't have to fuss with dinner... Dad can show how independent he COULD be if he had to be a lone bachelor (because the Pantry isn't LIKE home cooking... it IS home cooking)... and the rest of us won't have any particular reason for being independent so we'll just be glad!... They serve such marvelous food at the Pantry! and the service is so perfect... I can't think of a more charming spot for chummy "two-some" meals or for the most elaborate luncheons, dinners of tea!

watches are most exquisitely styled and come complete with chief narrow leather straps, some of them have black dials with gold numerals others silver with gold!... I can't imagine a truly smart sport ensemble being complete without one... and they're most reasonably priced! They've also a complete selection of costume jewelry... Pendants... brooches... chokers... pins etc. Many come in smartly matched sets!

There's always that "Big Fish" that got away... that time you DID make the course below par!... not to mention a delightful summer girl or two that you might have had a chance to meet!... But don't be disappointed if people won't believe your stories... they NEVER do!... Fool them this year, take a Kodak with you! The Wilson Drug Co. 104 S. Woodward Ave., have a complete assortment of sizes and styles... and they also do expert developing and printing!... Bring back a PICTURE this year!... folks can't dispute that! I noticed lots of other vacation items in this same store... The Mos Bottles... Canned Heat Outfits... Flashlights etc.

No one will have to sing "Honey, let's stay in your own backyard" if its equipped with one of these delightful lawn swings... the problem will be to get you to ever stir out of it!... I saw some lovely ones at the Trux Furniture Company, 104 N. Woodward Ave., this week... some in brilliant colors, so attractive against grass and foliage, and for those who prefer, the more subdued colors... Why not make "the family a gift of open air" and every member of the family can enjoy it!... Mother in the morning with her sewing... Dad for a comfy lounging hour before dinner... and daughter and the "boy friend" taking possession after dinner!

But the lucky woman took them to Williams Shoe Store, 121 W. Maple St., and secure the famous Treadway Comfort shoe! These shoes introduce every really smart style in footwear tailoring, in all the finest and best leathers!... Just try these wonder shoes once and you will forget your feet for the rest of the summer! Sizes 4-9, Width A-A-D.

There is surely a watch for every kind of time!... and perhaps it's a perfect polish for automobiles too!... exactly!... For the hours, however, when mildly chooses to wear spots, apparel, and when it's smart and delicious, when days? I saw adorable Sports Wrist watches at The Mix Jewelry Store, 129 W. Maple St. These get one of her marvelous facial!

Exquisite, lacy lingerie in pastel tones and white!... Crepe de Chine... glove silk and finest French batiste fashions dainty garments!... there are most adorable negligees too! Oh 'twill be no problem at all to find a shower gift for even the "Tweed" Bride!... and if you're looking for the Wedding gift itself, I saw in that same smart shop an exquisite boudoir lamp with standard of orchid enameled metal, and shade of finest dotted silk... also a pair of dresser lights to match.

Tired feet make tired faces!... that is a fact that can't be gained... But truly smart women know there is no real need for tired feet any more!... Time was when the poor dears had to wear smart shoes and suffer "or comfort" shoes and look dowdy! But the lucky woman took them to Williams Shoe Store, 121 W. Maple St., and secure the famous Treadway Comfort shoe! These shoes introduce every really smart style in footwear tailoring, in all the finest and best leathers!... Just try these wonder shoes once and you will forget your feet for the rest of the summer! Sizes 4-9, Width A-A-D.
