# See these features of the NEW OLDSMOBILE THE FINE CAR OF LOW PRICE

THE Fine Car of Low Price" is the carned

Earned by virtue of the most imposing array of quality features ever embodied in any car priced "for the American family!"

New, Larger Engine of High-Compression Type it is speed you want, just drive this new, ger Oldsmobile.

And even with more speed and more power, here also is greater operating economy.

and even with more speed and more power, here also is greater operating economy.

All these are the results of a new and Jarger Lehaed engine. — a high-compression engine. This engine embodies a new effiniter head developed in the Gengral Motors Research Laboratories—a head of exclusive designs which permits full, smooth power-flow, and provides the advantage of high-compression design without special fuels.

Proved by a Million Miles

Frored by a Million Miles
This engine stands proved by 1.177,000 miles of
testing... proved under actual traffic conditions
on the highway... proved under besearching eyes
of engineers of General Motors Proving Ground.
The surpassing efficiency of the engine is sugmented by crankcase ventilation, which elimiaspecially controlled cooling year, an elementestures which are sources of great satisfaction.
This engine is also notable for remarkable rigidity of crankcase and cylinder block. It rides on a
rubber cushion mounting; not the ordinary rubbri mounting but a positive "discovery."

Two Years Ahead

But the triumph achieved in this great engine is but one of innumerable features which stamp this new larger Oldsmobile as at least two years ahead of current automotive practice.

Easy operation is an outstanding quality . . easy control, easy steering, easy parking. New sources of long life are presented by point after point in the design and construction of body, chassis and engine.

A new degree of safety, stronger assurance of de-pendability, added elements of operating thrift . . . all are expressed in surprising provisions for that thorough satisfaction which has heretofore identified high-priced cars.

Automotive Critics Praise It

TWO-DOOR SEDAN \*925 F.O.B. LANSING

Fine Car of Low Price, come as further evidence that it is indeed two years ahead. Naturally interested in technical merits, their attention has focused largely on the engine and upon the many chassis features. These chassis features include—four-wheel brakes, and specially selected apring—which, with a complete set of four Lovejoy hydraulic above above them, make riding global.

shock absorbers, make riding gliding.

Silenced Unassis

Silenced Interior

In no respect in this new Oldsmobile more truly
the fine car than in its quietness. Not till you
have ridden in it can you realize how the new
have ridden in it can you realize how the new
doubler motor, a new rubber core
cittch, a new doubler motor, a new rubber core
cittch, a new doubler motor, a new rubber core

ornalized to talgete but chassis and body.

Super-Sturdy New Frame
The frame is of remarkable rigidity, ruggelly formed of heavier gauge steel with channels five and a half incide steep, flanges 2½, and 3 including the control of the control of

operations accomplished by one pressure on the starter—a method of decided advantages. The easy starting that results is a fitting beginning to easy operation throughout, such as easy shifting and easy steering with the adjustable-height steering wheel.

New Driving Enjoyment

w vertical radialor shutters, new controlled oling, thermostatic charging, full-automatic ark and engine-temperature thermometer on ortrument panel, all add new case and enjoy-ent to winter driving.

And so the story of this great new Oldsmob continues through details of engine and chas to a triumphant climax in its crowning glory the daringly modish new body by Fisher.

une carmight motish new body by Fisher.

Seven New Creations By Fisher

Artist-Engineers

This new Oldmobile is presented in seven body
types: Two-Door and Four-Door Sedans, Landau,
Coupe, Sport Coupe, Sport Roadster and Sport
Fisation, All embody the striking style elements
heredofter noted, and in addition those runged
appointments for which these master bodymakers are justly famous.

A Car to be Proud of

Ultra-Modern Styling

Ultra-modern Styling
The body design itself is ensational. We realise
that any automobile manufacturer may say this
and believe it. But public opinion is too definitely
expressed, the modern spirit too unmistabable, to
peraint of any doubt regarding the popularity of
