A Complete Hauling Service for Birmingham

Having recently purchased new and adequate trucks, I want to announce a complete hauling service for Birmingham and the surrounding territory. Persons new building or contemplating a new home, or those who are improving property, will be glad to avail themselves of this service because of its efficiency, and low cost due to the complete equipment and the capacity of the truck.

Estimates or bids will be cheerfully submitted upon any of the following lines of work:

Hauling Gravel
Hauling Black Dirt
Concrete Work (Including Pavements)
Private Drives
Concrete Floors
