**The Town that Time Forgot**

It is not to reach the rolling hills this way up so high that you may look far over town and country. It is not even the seeming mountainous country, the fine air, or the charm of town and old trees with their promise of blossoming glory, that is drawing so many nowadays to Franklin Village. The awe that time may turn forever is more the haunting spell of bygone days that large forest over those deep valleys.

More than a little white village embedded in the shady band of city makers, a setting for homes that recalls the days when homes were homes indeed — Franklin Village. . . . "The Town that Time Forgot."
