

Mr.
Bloomfield
says-

"We are living with opportunity.

"The telephone company is spending a quarter million dollars to take care of the certain increase in Birmingham and Bloomfield Hills population.

"Birmingham itself is spending \$350,000 for sewer, water and roads to serve the people who are coming to enjoy living in Birmingham.

"Walsh, James & Wasey can well be proud of the part they have played in the development of this splendid community with their fine rapidly building homesite development.

"With this certain growth and the many health and educational advantages Birmingham-Bloomfield affords, you owe it to yourself and family to find out what this firm can offer you in better living."
