Be a Booster! Don’t be a “do-nothing”!

A NY town is made up of two kinds of men—the “Boosters” and the “Do-Nothing.” The former class must shoulder all responsibility for the growth and necessary progress of the community. They do more than their share, which is not quite just, do you think?

Mr. “Do-Nothing’s” creed is: “Let well enough alone. Costs too much money to be Cleaning-Up and Painting-Up all the while. Let the other chap do it—I’m busy earning a livin’.”

Mr. Booster says: “I want my town to grow and be popular. It can’t be either if it is a neglected town, with shabby, unpainted houses and down-at-the-heel gardens and grounds. My own home and my place of business will be kept always in perfect repair, even though it may mean personal denial in some other way. By doing this I help myself by helping my city.”

Which man has the right idea?
