HAPHAZARD DRIVING

THIS is not the story of a man who got drunk and drove his car thru a safety zone filled with people. It concerns a certain other man, of whom folks who know him best speak in highest terms of his conservative judgment and moral uprightness.

Not reckless, but haphazard, this man. So sure is he of his ability to drive safely at all times that he dispenses entirely with car insurance.

Recklessness of other drivers, mental lapses, heedlessness of pedestrians, snow, sleet, rain, fog, icy and oily pavements, dust, poor or glaring headlights, mechanical defects, - really, it's too much to ask this man, or any other person, to combat all these things single handed.

Ask the Auto-Owners Insurance Company to carry the load. They'll do it cheerfully, and at reasonable rates.
