## A Way To Help Your Youth

This week, as you may know, efforts were started for the gathering of pledges amounting to 67,500.00 to be used during the coming year for Y. M. C. A. work among boys of Birmingham and vicinity. If you haven't yet been visited by one of the caravasters for a subscription, you will be within the next few

you haven't yet been visited by one of the van the for a subscription, you will be within the next few for a subscription, you will be within the next few for a subscription, you will be within the next few for a subscription, you will be within the next few for a subscription, you will be within the next few for a subscription, you will be within the next few for a subscription. The work, the only agency of its kind in this community, is worthy of your support. It touches the live of parents, daughters, and every human being here is of parents, daughters, and every human being here is of parents, daughters, and every human being here is fifted with an insatiable thirst for glimped on the threshold of mankind's edifice; which does shall they open! Which corridor shall they summer through! That depends upon what possesses their minds.

There is the home, the church, and the school—ach projecting a deep influence upon boys and girls and the projecting a deep influence upon boys and girls and the projecting a deep influence upon boys and girls and the projecting a deep influence upon boys and girls and the projecting a deep influence upon boys and girls and the projecting a deep influence upon boys and girls and the projecting a deep influence upon boys and girls and the projecting a deep influence upon boys and girls and the projecting a deep influence upon boys and girls and the projecting a deep influence upon boys and girls and the projecting and the project and the projection of the projectio

and women?:

Well, the Y., M. C. A., as it is handled in this area, is a fine means of filling youth with idealism and moral conviction.

So here's your chance to help your boys. If by any chance you should be overlooked during this subscription campaign, get in touch with John B. Howarth, president of the local Y. M. C. A.

## Heralding A New Epoch

You are the things that you think. You are a success or a failure, according to your method of thinking; you are a musician, a painter, a business man, or woman, doctor, lawyer, preacher, candle-stick/maker, if you think along one of these lines. The creations of a man like Edison are what they are simply because Mr. Edison's mind was filled with them. And the thoughts of a man for public office ought to interest you, for they reveal what he is thinking about, and what he is seeking to-materialize for his constituency.

So please keep your eyes focused on the following words, spoken by Mr. Hoover one evening last week in New York City; these words come from a mind that is on fire with the spirit of the crusader—they herald a new epoch in American political life. Here they are:

SOME OF THE STATEMENTS made by Al Smith infer that many of his campaign planks have been taken from the sidewalks of New York, or from the steps that lead into Tammany Hall, or both.

LET'S BOOST THE SALARIES of Michigan's Legislature next Tuesday by approving the amendment to increase their financial reward, Perhaps through this means we may obtain more collective intelligence in our Lapsing law-making body, and thus reduce taxation through intelligent encirents.
