The description of the state of the state

"All streets paved with concrete".

This statement in a real estate advertisement is the home-buyer's rance that the property is served by good-looking, durable, and modern paved streets.

Streets paved with portland cenent concrete stay smooth and safe for traffic in any weather.

There were more concrete streets ouilt during 1927 than any other type. There's a reason for that!

Information awaits your request!
