STROPPING IS ESSENTIAL TO THE PERFECT SHAVE

a Million barbers
can't be
WRONG!

Stropping a razor blade can't
be foolish—surely a super-
keen blade must be preferable

YOU must know that after the first
shave the cutting edge of the finest
blade that can be made is a row of tiny
jagged hooks—until it is stropped. Strop-
ping smooths out and re-aligns these
minute points. That's why barbers every-
where always strop before each shave.
They've done it for 2,000 years.

And that's why shavers everywhere
are eagerly adopting the famous new
Valet AutoStrop Razor. Its automatic
self-stropping device guarantees a per-
fect blade for each morning's shave. No
trouble. A flip of the thumb—a few swift
strokes—and the edge is as keen as can
be. No need to remove blade to strop or
clean it.

What's more, 21 years of
research and the expendi-
ture of a million dollars
have made this famous
razor the most perfect shaving device
ever offered.

Recently introduced, the Million Dollar
Valet AutoStrop Razor is already a na-
tion-wide sensation. Even if you thought
that the original Valet AutoStrop Razor
could not be improved, get one of the
new Million Dollar models today. Try it
with the new Valette-processed blades.
Judge its betterments for yourself.

You'll say this Million Dollar Razor is
worth all it cost to make—yet it costs
you so little that you can't afford to be
without it.

Beautifully finished models complete
with blades and an improved strop in
handsome cases at \$1.00 to \$25.00.
