DAFTS!

WOULD be a problem if one were not wise. . . But OF COURSE one is so when one knows that the Tot Shop, 125 W. Maple Ave. is the proper place to shop for smart and yet practical children's wear! I saw some perfectly adorable outfits there; they seemed to list smarter with a most Parisian accent! . . . clever Jersey models . . . or Jersey shorts with white waists and Buster Brown Collars! . . . I've never seen a lovelier selection and they are ALL so reasonably priced!

I trust a word to the wise is sufficient. . . So important a feminine detail is Costume Jewelry . . . it seems before very long we'll have to be buying gowns to match ear-rings, chokers . . . bracelets, etc. . . But be that as it may . . . Maxine Hart, clever soul that she is . . . will be amply prepared! . . . Ever since I first entered her lovely gown shop in Bloomfield Hills I've tried to decide which was lovelier . . . the infinite array of smart gowns down or the exquisite pieces of jewelry! . . . So either way Maxine will be able! . . . Today she has exquisite jewelry to match the loveliest gown . . . and TOMORROW should the fashion change she will have lovely gowns to match the jewelry!

HANDS UP! . . . Mere man needs't be alarmed at this! . . . At least Not if he's clever enough to shop for gloves at Chas. H. Peck Sons, 102 S. Woodward Ave! . . . On the other hand . . . in DETROIT ON BOTH OF THEM he will have ample reason to be only too proud to put his hands up for exhibition! I saw a perfectly marvelous selection of new glove styles at this clever Men's Shop and they were truly gorgeous. . . Stunningly tailored in rich heavy skins . . . and all the newest colors to smartly set off nobby Top-Coats!

dead is the selection! . . . I'll simply HAUNT the place when Christmas shopping begins! And I'm going to start immediately on the "preliminaries"

you can decorate lovely and inexpensive gifts! . . . This clever shop gives complete and expert instructions in the handling of lacquers, decalcomanias and free hand decorations! . . . and it is surely most worth while!

these shoes! . . . Every color as modern as . . . Patent, Smoke, and smart combination! . . . Children adore these smart shoes and Mothers appreciate their sturdy lasting quality an extremely low price!

A new cigarette has been invented that has a tab on one end which when pulled out supplies the necessary light.

The Isle of Man legislature refused to pass widow's pension bill, thereby disappointing women.

Quite likely the Pied Piper did play a fascinating tune and it's small wonder that children followed his call gaily! . . . But the modern Pied Piper makes the job infinitely easier. . . He has styled a most marvelous child's shoe! . . . They are scientifically built to correct slight foot disorders which might develop into serious trouble later on. The Williams Shoe Shop, 121 W. Maple Ave., has a wonderful display of

Flowers that bloom in the Spring trail . . . and The Last Rose of Summer, too have ALL gone since left us! . . . But the Magic Cook there for while the food DOES taste the same always as far as being perfectly delicious is concerned . . . nevertheless it seems so different each time that one never grows tired of it. . . The Menu are so delightfully arranged that there is always a tempting variety though Heaven knows ANY of the Fleur des Lis food is temptation enough!

"Have you joined yet?" . . . sounds like Barney Google propaganda for the great O. K. M. N. X. doesn't it! . . . well it's NOT! I was just wondering if you had joined the Art Classes at the Devoe Paint and Art Store, 147 S. Woodward Ave. If not you better do so at once! . . . Christmas isn't so VERY far away . . . and besides learning to make many smart pieces for your own home

Marvelous changes have been taking place and this lovely shop had grown a lot in size! . . . small wonder for with SO MANY delightful things it DOES take quite a space to hold them! . . . 'Twas the night before Christmas and all through the house there was plenty stirring . . . of gifts! . . . On half the joy of Christmas the security and bustle! . . . and that's well and good for things which can be REORDERED but not for the delightful gift suggestions one finds at the Bloomfield Hills Antique Shop, 172 S. Woodward Ave! . . . So many of those treasures are not to be duplicated so I've sworn a solemn vow to begin RIGHT NOW and make the selections I want . . . and not spend Christmas Day regretting that the VERY gift that would have been PERFECT for some particular friend had been sold when I did go after it!

are all Barbers CRAZY?

Is stropping a playful gesture to amuse you?
Or has the new Valet AutoStrop Razor proved that there is a fundamental reason for stropping?

YES, all barbers are insane . . . so are other millions of men . . . if stropping a blade to sharpen it is useless.

But you know that every barber throughout the entire world knows that he must strop before he shaves. An unstropped edge is like a row of needles. It pulls and tears the skin.

There is one razor and only one which automatically insures a stropped blade for every shave—The Valet AutoStrop Razor.

The Million Dollar Model is the result of 21 years

Beautifully finished models complete with blades and an improved strop in handsome cases at \$1.00 to \$25.00.

of research and the expenditure of a million dollars in experiments. Everywhere men are adopting it because of its new-day improvements.

Perfectly balanced and self-adjusting, its friendly angle fits the face and cuts through the stiffest beard with smooth precision. With the Valette-processed blade it is a marvel of shaving ease.

Blades are inserted or removed simply by pressing a button. Blades are locked in firm, nonflexible grip that eliminates vibration and pull. New type guard lets you see the full shaving edge. And fundamentally important—the exclusive self-stropping feature keeps the blade edge super-sharp. No need to remove blade to strop or clean it.

Weight these facts. You know barbers haven't been wrong for 2,000 years in stropping. Why experiment with your face?

Give a Valet AutoStrop Razor a fair trial. You'll quickly learn to like it—then you'll never go back to an unstropped blade.
