A Station-to-Station call is one made to a certain telephone rather than to some person in particular.

If you do not know the number of the distant telephone, give the operator the name and address and specify that you will talk with "anyone" who answers at the called telephone.

A Person-to-Person call, because more work is involved, costs more than a Station-to-Station call. The rate on a Person-to-Person call is the same at all hours.
